

YANKS IN CHERBOURG

Tokyo Reports Fierce Naval Engagement Is Raging Off Marianas Islands

WAR PRISONER CAMP NEARLY READY FOR USE

Gettysburg's war prisoner camp along the Emmitsburg road at the edge of town will be completed possibly Thursday, Captain Laurence C. Thomas, commandant, said today.

The stockade surrounding the camp has been nearly completed, and installation of sanitary conveniences is all that remains to be done before the tents go up completing the camp. In the meantime the German prisoners have been sleeping at the armory while members of the army company guarding the prisoners have been sleeping at the high school.

Captain Thomas today urged residents of the county to forget rumors that have been flying thick and fast since the establishment of the camp here that anywhere from one to three prisoners have escaped—with the rumors stating variously that the escape occurred at a number of places, several of which have not as yet had any prisoner laborers working at them.

Already At Work

With a guard constantly watching the prisoners, both day and night, and with the prisoners counted morning and night it would be impossible for a prisoner to escape without the guards knowing it. Captain Thomas explained. If any prisoners ever wished to escape and did make the attempt every civil police authority as well as the Army officials and provost marshals office would be immediately informed of the escape and wide publicity would be given to the fact in order to recapture the escaped prisoner, it was stated.

The prisoners, sent here to help harvest and process the county's expected large fruit and vegetable crops have already begun their work in canneries despite the fact that their stockade camp is incomplete. The men at present are working at Linboro, Md., Littlestown, Hanover and New Oxford plants and at Burgoon and King's canneries here, helping to process the peach crop.

Later they will be engaged in fruit crop processing at the C. H. Musselman company plants and at the Knouse corporation at Peach Glen.

SEVEN ARMY MEN INDUCTED TODAY

Seven western Adams county men left this morning at 7 o'clock for New Cumberland for induction into the U. S. Army.

With Walter Edward Rightmire, Gettysburg R. I. as leader, the contingent sent by the Gettysburg Selective Service board included Melvin Harry Richardson, Ottumma R. I.; Paul Andrew Tate, Arendtsville; Donald Joseph Kepner, Fairfield R. I.; Charles Claude Croft, Gettysburg R. I.; Carl Orville Taylor, Bendersville and John Meals Wolfe, Bigler, R. I. John Schneider Hall, Water street, at the same time was transferred to the Cranford, N. J. board for induction in New Jersey.

Rightmire and Richardson are volunteers and Richardson is the only pre-Pearl Harbor father on the list.

FIFTH WAR BOND TOTAL SHORT OF \$300,000 MARK

Adams county's war bond total is just short of \$300,000 on the tenth day of the Fifth War Bond drive with little more than two weeks remaining during which to raise \$2,791,000.

Tuesday's total of \$31,741 indicated a further lag in the drive. Sales are far below the normal expectations and some observers said today that it was "very doubtful" if the county will reach its quota, the first time since the sneak attack on Pearl Harbor, if the county fails in this the Fifth drive.

Most of the sales, with the exception of one large known sale, have been of small denomination, with \$25 bond purchases predominating throughout the county.

"We can never hope to realize our quota with these small purchases," one observer said. "We want every possible bond purchase but we must have sales in larger denominations. Individuals are being asked to buy an EXTRA \$100 bond in this drive. If they fail we will fail to reach our goal."

PAUL A. KINSEY TO DIRECT WAR FUND CAMPAIGN

Paul A. Kinsey, Metropolitan Edison company manager here, has consented to serve as campaign chairman for the USO drive to be conducted in Adams county in October to reach a recently assigned quota of \$28,949.58.

Mr. Kinsey was the campaign chairman in 1943 when more than \$15,000 was raised in the county for the Pennsylvania War Fund, more than doubling the amount collected for the same cause in the 1942 drive.

The new chairman said today he is fully in accord with campaign plans as discussed at the June meeting of the board of USO directors of Adams county Monday evening which provide for the opening of campaign headquarters here to facilitate the distribution of supplies and the handling of campaign reports.

Need More Helpers

"We shall need the help of all who aided with the 1943 drive and a large number of others if the campaign here is to be successful," Mr. Kinsey said today. "We shall try to organize our canvass in such a way as to reach homes, sections and communities not thoroughly covered in the drive last year."

"Women workers will be needed to conduct a great part of the house to house canvass and to staff booths that may be set up to receive contributions but we shall also need many more men to volunteer their assistance in organization work and in the drive for special gifts in all sections of the county," the campaign chairman said.

A campaign program intended to reach "every home and every wage earner in every home in the county" during the fall canvass was outlined Monday evening to the local USO directors by George W. Williams, Lebanon, area director for the Pennsylvania War Fund, Inc. He had a similar conference with Mr. Kinsey Tuesday.

Sgt. Claude Kennedy Among Group Cited

U. S. Ninth Air Force Bomber Station, England—Technical Sergeant Claude W. Kennedy, Gettysburg R. I., is a member of the veteran Tiger Stripe Marauder group which has been cited for exceptional service while overseas.

Because of his part in the group's performance in Europe he has been given battle credit for participation in the European air offensive and has been awarded the bronze star to the European Theatre of Operations ribbon.

Sergeant Kennedy has been overseas for one year with the Tiger Stripe group named for the identifying colors located on the vertical stabilizer of the medium bomber Marauders which have been bombing enemy objectives in France, Holland and Belgium.

None Injured In Car-Truck Crash

No one was injured when a panel truck and car collided at 7:30 o'clock this morning on East Main street, Arendtsville. Damage was estimated at a total of \$125. P. George Evanko, of the local state police, is continuing his investigation of the accident.

The collision occurred when William C. Guise, 16, Arendtsville, driving the truck, attempted to pull to the left side of the road to pick up a passenger just as William F. Lerew, 32, Biglerville, following the truck, attempted to pass it. Both vehicles were going east. After being hit the truck continued head on into a tree.

OFFER PRICE LISTS

The Local War Price and Rationing board has received a number of miniature community ceiling price lists for distribution to housewives in this county. These are of a size convenient for folding and carrying. A telephone call or message to the board will be sufficient to have this list sent to any address, or they may be called for in person.

TRANSFERRED TO WAYNESBORO

Scott L. Smith, former employee of the plant department of The United Telephone company here, has been appointed Waynesboro District manager of the company effective July 1. For the last three years he has been district manager at Newport.

BIRTH ANNOUNCEMENT

Pvt. and Mrs. Edward Crist, Elm street, announce the birth of a son at the Warner hospital Tuesday evening. This is their third son. Private Crist is stationed at Greensboro, North Carolina.

MAKE TEST RUN

A test run of two Gettysburg fire trucks to Bonneauville Tuesday evening was completed in 6 1/2 minutes despite the fact that repairs on a two-mile stretch of the road held up the firemen while enroute. Thirty-five firemen took part in the test.

57 Degrees Is Low On Tuesday Night

The thermometer, skidding around the 70's today, dropped to a low of 57 during the night at the Arendtsville state laboratories after having recorded a record 95 there on Sunday, hottest day this year.

The cooler weather continued throughout today after storms sent the mercury dropping Monday night.

ADMIRAL KING IS HOPING JAP FLEET FIGHTS

Washington, June 21 (AP)—American forces may at long last have cornered Nippon's principal battle fleet for a showdown fight, and so far as Admiral Ernest J. King is concerned "the sooner the Japanese fleet fights, the better we'll be satisfied."

The Navy's commander in chief today expressed appreciation for the "cooperation" of Japan's Navy in apparently moving into battle position in the western Pacific, and expressed complete confidence in the outcome of possible contact east of the Philippines.

He made his statement after Navy Secretary Forrestal had reported that despite strict radio silence from the Pacific there have been some indications that American forces "may have succeeded in catching up with all or a part of the Japanese fleet yesterday."

Has No Details

Forrestal added that there is, however, "no definite information" as to the prospective engagement.

He based his comment upon a statement yesterday by Admiral Chester W. Nimitz, Pacific fleet commander in chief, who reported the Japanese fleet had been located in the waters east of the Philippine Islands and indicated that some engagements may already have been fought.

Forrestal reported that the Japanese fleet has been sighted at various times during the last few days, milling around from 500 to 800 miles to the westward of Saipan Island in the Marianas east of the Philippines.

Forrestal said that Japanese planes attacked American Naval units near Saipan Sunday and indicated that the planes apparently came from carriers which at that time were some 500 miles to the westward.

The Japanese plan, he continued, seems to have been to launch the aircraft with the idea that after attacking they would be able to land.

Cherry Picker, 79, Fractures Shoulder

C. A. Hartman, 79, Cashtown, is a patient at the Warner hospital as the result of a fall out of a cherry tree late Tuesday afternoon.

Mr. Hartman received a fractured right shoulder and a sprained right ankle.

Marian Tate, 16, Arendtsville, is confined to the hospital due to concussion received Monday afternoon about 4 o'clock when she fell off a horse.

Mrs. Edward Crist, Elm street, and Mrs. Clarence Brown, Ottumma R. I., have been admitted as patients. Those discharged were Gerald Garretson, Aspers R. D.; Paul E. Bowersox, Westminster; Alida Starnes, Aspers; Leonora Jane Bigham, West Broadway; Horace L. Eversly, Gettysburg; Mrs. Kermit Funt, and infant daughter, Biglerville; Paul Ritchie, York street; Mrs. George C. Hall, Jr., and infant daughter, Marynell, Emmitsburg; Mrs. Robert Cline and infant son, James Arthur, Aspers; Eleanor Smith, Gettysburg; and Mrs. Donald Stoner, Emmitsburg.

JOHN EPPLEMAN EXPIRES AT 74

John Eppleman, 74, who resided for the last year with his daughter, Mrs. John Knox, Gettysburg R. I., died at the Warner hospital Tuesday midnight from a complication of diseases. He had been a patient at the hospital since June 15.

He was the last of the family of Chrysostom and Mary (Myers) Eppleman and always resided in Adams county. He was a retired farmer.

The deceased was a member of Montana Lodge, I. O. O. F., Bendersville, and the Bendersville Lutheran church.

His first wife, Annie Slusser, died 40 years ago. His second wife, Mrs. Mary Etta (McKinney) Sidensing, died five years ago.

Surviving are five children by his first wife: Mrs. Ira Heller, Gardnersburg R. I.; Mrs. John Knox, Gettysburg R. I.; George C. York Springs; Mrs. Raymond Topper, York street, and Clyde, Atlantic City. Also surviving are 16 grandchildren and seven great grandchildren.

Funeral services Friday afternoon at 2 o'clock from the Routsong-Dugan funeral home, Bendersville, conducted by the Rev. P. J. Horick. Interment in the Bendersville cemetery.

Friends may call at the funeral home Thursday evening from 7 to 9 o'clock.

LIBERATION ARMY CLOSING IN ON LARGE PORT IN NORMANDY; JAPS CLAIM 2 U.S. SHIPS SUNK

(By The Associated Press) U. S. Pacific Fleet Headquarters, Pearl Harbor, June 21—Giant battle fleets of the United States and Japan faced each other today in the 1,500 miles between the Philippines and Marianas amid indications that preliminary blows already may have opened a history-shaking naval engagement.

"Possibly the entire Japanese fleet" has entered the area, Adm. Chester W. Nimitz disclosed. It was the first report on the whereabouts of the long-sought navy of Nippon since its crushing defeat at Midway in June, 1942.

Eager and ready for battle is the Fifth U. S. Fleet with "enough muscle . . . to take care of everything" in the words of the confident commander-in-chief of the Pacific fleet.

Japan's Claims

A Japanese naval spokesman was quoted in a Berlin broadcast today as saying Nippon's air and naval forces "have successively engaged an American fleet" but Tokyo radio in another broadcast to the home-land quoted an Imperial headquarters communique as acknowledging "We have suffered considerable losses of ships and planes."

The Tokyo radio asserted today that an American battleship listed in a Japanese communique yesterday as sunk by Japanese planes off the Marianas June 16 was of the 45,000-ton Iowa class.

The enemy broadcast, entirely without confirmation, said another battleship claimed to have been heavily damaged was of the 35,000-ton North Carolina class "and went down to a watery grave the night of June 15 off the Marianas."

"Two of four United States aircraft carriers which were heavily damaged and set ablaze or left heavily listing the night of June 17," the broadcast went on, were of the 24,000-ton Essex type while another was of the 10,000-ton Independence type which had been converted from a cruiser. A fourth appeared to be also of the Essex type."

Nimitz Ready

Adm. Chester Nimitz announced the enemy fleet was operating between the Marianas Islands and the Philippines, 1,500 miles apart. Axis broadcasters, declaring most of the U. S. Pacific Fleet was concentrated

Here And There News Collected At Random

GENERAL HAWLEY
The tremendous task of treating, evacuating and saving the lives of countless thousands of American wounded in the great invasion of France falls on the shoulders of Major General Paul R. Hawley who is well known to a number of persons in Gettysburg.

Back in 1938 General Hawley, who was then a lieutenant colonel, was stationed at Carlisle Barracks and he was assigned the task of directing the 1st Medical Regiment's service during the Blue and Gray Reunion in Gettysburg.

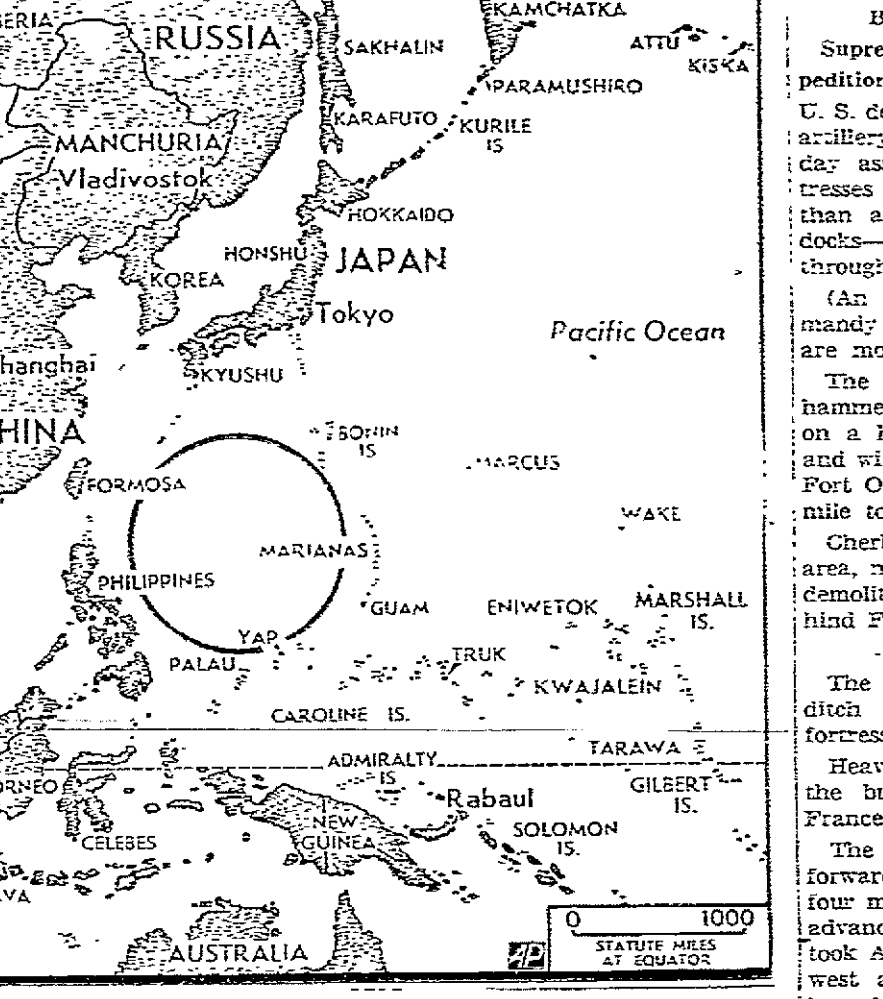

General Hawley assembled an organization of medics, set up his machinery and was on hand personally when the first special train of 14 Pullmans arrived in Gettysburg with a contingent of Civil War veterans. Thirteen other special trains followed within the next 48 hours.

Because of the high mortality rate among men of such advanced ages, from the youngest "who was 69 and to the oldest, 104, the state and federal commissions contracted for the burial of 100 veterans who, by every known method of reasoning and calculating, would pass away during the week's Reunion here. General Hawley merely smiled and said nothing, publicly, but to a member of the state commission he whispered, "That's too high. We won't lose near that many."

General Hawley's heretofore unpublished boast was no idle statement. He lived up to his claim. Not a veteran died in Gettysburg during that entire week, and there were 1,845 veterans here all of whom were well over four score years of age. Two veterans died the day after the Reunion. Five others died after the Reunion, one after surgery home.

The surgeon general said it was the finest medical service he had ever seen that was rendered.

WOMEN BOOST BOND SALES; CARAVAN TOUR

Continuing their vigorous campaign to help attain the quota of \$2,791,000 in the Fifth War Bond campaign the Women's Division today reported \$17,550 in bond sales on Tuesday and more names enrolled on the Victory Cradle Roll and the Roll of Honor League.

Five communities combined to report the \$17,550 sales during the day. They are:

Gettysburg, \$9,425; Littlestown, \$2,875; Biglerville, \$2,850; Fairfield, \$1,275, and Cashtown \$1,125.

Mrs. Donald P. McPherson, Sr., enrolled Donald P. McPherson, III, on the Victory Cradle Roll.

The Roll of Honor League reported these additional names:

Mrs. Naomi Beamer for Sgt. Philip Beamer, Biglerville.

The Biglerville garage for Ralph Taylor.

In Gettysburg these names were added:

Mrs. R. W. Gifford for Captain Roy W. Gifford.

A friend of Cpl. John William Roth.

Mrs. John D. Keith for Cpl. John (Please Turn to Page 5)

Soroptimists At Joint Installation

The local Soroptimist Club participated in a joint installation dinner of the York, Harrisburg, Hanover and Gettysburg clubs at the Hotel Richard McAllister at Hanover on Tuesday evening. Local members who attended were Mrs. David Blocher, Mrs. Elizabeth Hennig, Miss Florence Basehor, Mrs. Clyde D. Berger, Mrs. Charles T. Ziegler, Mrs. Guyon E. Buehler, Mrs. John Bachensky and Mrs. Elizabeth Grieb.

Miss Martha Servis, executive secretary of the American Federation, which comprises 187 clubs, served as toastmaster. The installation ceremonies were in charge of Mrs. Piuma Batten, director of the North Atlantic region, who presented small corsages to each new officer.

Mrs. Bachensky and Mrs. Grieb were installed as new members of the local club.

Supreme Headquarters Allied Expeditionary Force, June 21 AP)—U. S. doughboys supported by heavy artillery and air bombardment today assaulted two key inner fortresses guarding Cherbourg—one less than a mile from the commercial docks—and fought house-to-house through the city's suburbs.

(An NBC broadcast from Normandy declared "our ground forces are moving into Cherbourg.")

The power drive from the south hammered against Fort Du Roule, on a hill at Cherbourg's outskirts and within a mile of the docks, and Fort Octeville, a little more than a mile to the west.

Cherbourg's great military port area, now exploding under German demolitions, lies only two miles behind Fort Octeville.

Last Ditch Stand

The Germans were making a last ditch stand in these inner ring fortresses.

Heavy fighting was reported in the built-up suburban section of France's third greatest port.

The assault upon the forts raged forward from St. Martin le-Grand, four miles south of Cherbourg, and advance units on the western flank took Acqueville, three to four miles west and slightly south of Cherbourg's city limits.

Fort Du Roule, a major key to control of the besieged German stronghold, stands atop a 450-foot hill.

The French worked for more than a century building up Cherbourg's forts and defenses and the Germans now are making a last stand in the inner ring—which embraces part of the city itself.

Rush Demolitions

Smoke hung over the city as the trapped German defenders carried out hurried demolitions in the strategic harbor, now in plain view of the attacking American troops coming out of the hills surrounding their objective.

German defenses have stiffened and there are indications the Nazi high command has ordered a house-to-house fight by some 25,000 to 50,000 Germans now left with virtually no chance of escape. Allied broadcasts last night urged the trapped garrison to surrender.

Although the three main roads to Cherbourg from the south run into one main highway bottleneck just outside the city, the American troops apparently were closing in from three sides—south, west and east.

Take Four Towns

Communique No. 31 from Supreme Headquarters this morning announced that the towns of Valognes, Les Pieux, Couville and Rauville la Bigot were in Allied hands, but the advance American line runs some distance beyond these points.

The line starts north of Les Pieux, itself 10 miles southwest of the port, and straggles north to the Acqueville area near Flotemanville Les Noes-Hague, a hamlet between Acqueville and Cherbourg—an area which at last available reports gave the closest approach to the port.

On the main road from Les Pieux to Cherbourg Lt. Gen. Omar N. Bradley's veteran American troops have reached points four miles from the port. The line then swings toward the northeast coast, with the doughboys anywhere from four to six miles from the city at most points, and eventually hits the beach more than three miles north of Quineville.

The suburban and city area which now has become a battlefield has an estimated population of 50,000. The population of the city proper, according to latest reports, is approximately 33,400 and an additional 27,000 live in the suburbs.

Despite German reports the Supreme Allied Command said it has no knowledge that Allied warships were shelling Cherbourg from the sea and declared such an attack was unlikely.

The port is protected by seven heavy coastal forts which should be much simpler to take by land assault than from the sea.

YANKS IN CHERBOURG

Tokyo Reports Fierce Naval Engagement Is Raging Off Marianas Islands

WAR PRISONER CAMP NEARLY READY FOR USE

Gettysburg's war prisoner camp along the Emmitsburg road at the edge of town will be completed possibly Thursday, Captain Laurence C. Thomas, commandant, said today.

The stockade surrounding the camp has been nearly completed and installation of sanitary conveniences is all that remains to be done before the tents go up completing the camp. In the meantime the German prisoners have been sleeping at the armory while members of the Army company guarding the prisoners have been sleeping at the high school.

Captain Thomas today urged residents of the county to forget rumors that have been flying thick and fast since the establishment of the camp here that anywhere from one to three prisoners have escaped—with the rumors stating variously that the escape occurred at a number of plants, several of which have not as yet had any prisoner laborers working at them.

Already At Work

With a guard constantly watching the prisoners, both day and night, and with the prisoners counted morning and night it would be impossible for a prisoner to escape without the guards knowing it, Captain Thomas explained. If any prisoners ever wished to escape and did make the attempt every civil police authority as well as the Army officials and provost marshals office would be immediately informed of the escape and wide publicity would be given to the fact in order to recapture the escaped prisoner, it was stated.

The prisoners, sent here to help harvest and process the county's expected large fruit and vegetable crops have already begun their work in canneries despite the fact that their stockade camp is incomplete. The men at present are working at Lineboro, Md., Littlestown, Hanover and New Oxford plants and at Burgoon and Yingling's cannery here, helping to process the pea crop.

Later they will be engaged in fruit crop processing at the C. H. Musselman company plants and at the Knouse corporation at Peach Glen.

LT. GARVIN WEDS IN CINCINNATI

Miss Jane Wellman, daughter of Mr. and Mrs. C. W. Wellman, Cincinnati, Ohio, and Lieut. Henry W. Garvin, Jr., son of Mr. and Mrs. H. W. Garvin, Reynolds avenue, were united in marriage June 4 at 6 p. m., in the Grace Episcopal church, College Hill, Cincinnati, it was announced today. The Rev. David Thornbury conducted the service.

The bride wore a dress of pale blue flannel with Navy accessories and a white orchid corsage. She was attended by her sister, Mrs. Ruth Turner, Cincinnati, who wore a pale blue dress with Navy accessories and an orchid corsage. Ellsworth Wideman, Cincinnati, a cousin of the bridegroom was best man.

The couple will reside in Dayton where Lieutenant Garvin is stationed with the Material command at Wright Field. A graduate of Gettysburg high school and Lehigh college, with the class of 1943, he has been in the US Air force for one year, receiving his training and commission at Miami, Florida, before being stationed at Wright Field.

None Injured In Car-Truck Crash

No one was injured when a panel truck and car collided at 7:30 o'clock this morning on East Main street, Arendtsville. Damage was estimated at a total of \$125. Pvt. George Evanko, of the local state police, is continuing his investigation of the accident.

The collision occurred when William C. Guise, 16, Arendtsville, driving the truck, attempted to pull to the left side of the road to pick up a passenger just as William F. Lerew, 32, Biglerville, following the truck, attempted to pass it. Both vehicles were going east. After being hit the truck continued head on into a tree.

SEVEN ARMY MEN INDUCTED TODAY

Seven western Adams county men left this morning at 7 o'clock for New Cumberland for induction into the U. S. Army.

With Wales Edward Rightnour, Gettysburg R. 1, as leader, the contingent sent by the Gettysburg Selective Service board included Melvin Harry Richardson, Orrtanna R. 1; Paul Andrew Tate, Arendtsville; Donald Joseph Kepner, Fairfield R. 2; Charles Claude Croft, Gettysburg R. 1; Carl Orville Taylor, Bendersville and John Meals Wolfe, Biglerville R. 1. John Schindler Hall, Water street, at the same time was transferred to the Cranford, N. J., board for induction in New Jersey.

Rightnour and Richardson are volunteers and Richardson is the only pre-Pearl Harbor father on the list.

PAUL A. KINSEY TO DIRECT WAR FUND CAMPAIGN

Paul A. Kinsey, Metropolitan Edison company manager here, has consented to serve as campaign chairman for the USO drive to be conducted in Adams county in October to reach a recently assigned quota of \$28,949.58.

Mr. Kinsey was the campaign chairman in 1943 when more than \$15,000 was raised in the county for the Pennsylvania War Fund, more than doubling the amount collected for the same cause in the 1942 drive.

The new chairman said today he is fully in accord with campaign plans as discussed at the June meeting of the board of USO directors of Adams county Monday evening which provide for the opening of campaign headquarters here to facilitate the distribution of supplies and the handling of campaign reports.

Need More Helpers

"We shall need the help of all who aided with the 1943 drive and a large number of others if the campaign here is to be successful," Mr. Kinsey said today. "We shall try to organize our canvass in such a way as to reach homes, sections and communities not thoroughly covered in the drive last year."

"Women workers will be needed to conduct a great part of the house to house canvass and to staff booths that may be set up to receive contributions but we shall also need many more men to volunteer their assistance in organization work and in the drive for special gifts in all sections of the county," the campaign chairman said.

A campaign program intended to reach "every home and every wage earner in every home in the county" during the fall canvass was outlined Monday evening to the local USO directors by George W. Williams, Lebanon, area director for the Pennsylvania War Fund, Inc. He had a similar conference with Mr. Kinsey Tuesday.

Sgt. Claude Kennedy Among Group Cited

U. S. Ninth Air Force Bomber Station, England—Technical Sergeant Claude W. Kennedy, Gettysburg R. 4, is a member of the veteran Tiger Stripe Marauder group which has been cited for exceptional service while overseas.

Because of his part in the group's performance in Europe he has been given battle credit for participation in the European air offensive and has been awarded the bronze star to the European Theatre of Operations ribbon.

Sergeant Kennedy has been overseas for one year with the Tiger Stripe group named for the identifying colors located on the vertical stabilizer of the medium bomber Marauders which have been bombing enemy objectives in France, Holland and Belgium.

OFFER PRICE LISTS

The Local War Price and Rationing board has received a number of miniature community ceiling price lists for distribution to housewives in this county. These are of a size convenient for folding and carrying. A telephone call or message to the board will be sufficient to have this list sent to any address, or they may be called for in person.

FIFTH WAR BOND TOTAL SHORT OF \$300,000 MARK

Adams county's war bond total is just short of \$300,000 on the tenth day of the Fifth War Bond drive with little more than two weeks remaining during which to raise \$22,797,000.

Tuesday's total of \$31,741 indicated a further lag in the drive. Sales are far below the normal expectations and some observers said today that it was "very doubtful" if the county will reach its quota, the first time since the sneak attack on Pearl Harbor, if the county fails in this the Fifth drive.

Most of the sales, with the exception of one large known sale, have been of small denomination, with \$25 bond purchases predominating throughout the county.

"We can never hope to realize our quota with these small purchases," one observer said. "We want every possible bond purchase but we must have sales in larger denominations. Individuals are being asked to buy an EXTRA \$100 bond in this drive. If they fail us we will fail to reach our goal."

Philadelphia, June 21 (AP)—Sales to individuals in Pennsylvania's Fifth War Loan drive have jumped more than \$28,000,000 in three days, boosting the state total in that category to \$79,024,623 or 17.88 per cent of the \$422,000,000 quota. G. Ruhlend Rebmann, Jr., chairman of the state War Finance Committee, announced today.

The three-day spurt in buying is the best record since the campaign began, Rebmann said. Series E bond sales total \$47,002,900 or 20.98 per cent of the \$224,000,000 quota in this bracket.

Philadelphia's individual sales have reached \$27,570,245 or 20.3 per cent of the \$135,412,000 quota. Individual sales in the Fort Pitt area, embracing 19 western Pennsylvania counties, total \$17,430,82, 12 per cent of the \$71,168,000 quota.

970 SOLDIER VOTERS LISTED BY C-D STAFF

The registration of Adams county's service men and women for the GI ballot continued today with reports slowly coming in at the office of the county Civilian Defense council from various sections that have completed or nearly completed the work begun last Wednesday. Only 970 have been recorded so far.

The Civilian Defense workers engaged in making the survey of the county to secure the names, military addresses and local addresses of all countians in the armed forces or affiliated services were finding their work slightly complicated by lack of interest on the part of some families and outright refusal to give information from others, it was reported.

For the great majority, however, the Civilian Defense workers had high praise for the cooperation shown by families in having at hand the information needed, and the interested manner in which the families helped the canvassers in completing their work.

First Reports

In the 18 districts which have reported so far out of 42 in the county the workers found only a few who refused to give information and a few more who protested they saw no reason why the soldiers should be given the vote now "when

57 Degrees Is Low On Tuesday Night

The thermometer, skidding around the 70's today, dropped to a low of 57 during the night at the Arendtsville state laboratories after having recorded a record 95 there on Sunday, hottest day this year.

The cooler weather continued throughout today after storms sent the mercury dropping Monday night.

ADMIRAL KING IS HOPING JAP FLEET FIGHTS

Washington, June 21 (AP)—American forces may at long last have cornered Nippon's principal battle fleet for a showdown fight, and so far as Admiral Ernest J. King is concerned "the sooner the Japanese fleet fights, the better we'll be satisfied."

The Navy's commander in chief today expressed appreciation for the "cooperation" of Japan's Navy in apparently moving into battle position in the western Pacific, and expressed complete confidence in the outcome of possible contact east of the Philippines.

He made his statement after Navy Secretary Forrestal had reported that despite strict radio silence from the Pacific there have been some indications that American forces "may have succeeded in catching up with all or a part of the Japanese fleet yesterday."

Has No Details

Forrestal added that there is, however, "no definite information" as to the prospective engagement.

He based his comment upon a statement yesterday by Admiral Chester W. Nimitz, Pacific fleet commander in chief, who reported the Japanese fleet had been located in the waters east of the Philippine islands and indicated that some engagements may already have been fought.

Forrestal reported that the Japanese fleet has been sighted at "various times during the last few days, milling around from 500 to 800 miles to the westward of Saipan island" in the Marianas east of the Philippines.

Forrestal said that Japanese planes attacked American Naval units near Saipan Sunday and indicated that the planes apparently came from carriers which at that time were some 500 miles to the westward.

The Japanese plan, he continued, seems to have been to launch the aircraft with the idea that after attacking they would be able to land

Cherry Picker, 79, Fractures Shoulder

C. A. Hartman, 79, Cashtown, is a patient at the Warner hospital as the result of a fall out of a cherry tree late Tuesday afternoon.

Mr. Hartman received a fractured right shoulder and a sprained right ankle.

Marian Tate, 16, Arendtsville, is confined to the hospital due to concussion received Monday afternoon about 4 o'clock when she fell off a horse.

Mrs. Edward Crist, Elm street, and Mrs. Clarence Brown, Orrtanna R. 2, have been admitted as patients. Those discharged were Gerald Garretson, Aspers R. D.; Paul E. Bowersox, Westminster; Albie Starnier, Aspers; Leonora Jane Bigham, West Broadway; Horace L. Everly, Gettysburg; Mrs. Kermit Funt, and infant daughter, Biglerville; Paul Ritchie, York street; Mrs. George C. Hall, Jr., and infant daughter, Marynell, Emmitsburg; Mrs. Robert Cline and infant son, James Arthur, Aspers; Eleanor Smith, Gettysburg, and Mrs. Donald Stoner, Emmitsburg.

MAKE TEST RUN

A test run of two Gettysburg fire trucks to Bonneauville Tuesday evening was completed in 6 1/2 minutes despite the fact that repairs on a two-mile stretch of the road held up the firemen while enroute. Thirty-five firemen took part in the test.

BIRTH ANNOUNCEMENT

Pvt. and Mrs. Edward Crist, Elm street, announce the birth of a son at the Warner hospital Tuesday evening. This is their third son. Private Crist is stationed at Greensboro, North Carolina.

Liberation Army Closing In On Large Port In Normandy; Japs Claim 2 U.S. Ships Sunk

(By The Associated Press)

U. S. Pacific Fleet Headquarters, Pearl Harbor, June 21—Giant battle fleets of the United States and Japan faced each other today in the 1,500 miles between the Philippines and Marianas amid indications that preliminary blows already may have opened a history-shaking naval engagement.

"Possibly the entire Japanese fleet" has entered the area, Adm. Chester W. Nimitz disclosed. It was the first report on the whereabouts of the long-sought navy of Nippon since its crushing defeat at Midway in June, 1942.

Eager and ready for battle is the Fifth U. S. Fleet with "enough muscle . . . to take care of everything" in the words of the confident commander-in-chief of the Pacific fleet.

Japan's Claims

A Japanese naval spokesman was quoted in a Berlin broadcast today as saying Nippon's air and naval forces "have successfully engaged an American fleet" but Tokyo radio in another broadcast to the homeland quoted an Imperial headquarters communique as acknowledging "We have suffered considerable losses of ships and planes."

The Tokyo radio asserted today that an American battleship listed in a Japanese communique yesterday as sunk by Japanese planes off the Marianas June 16 was of the 45,000-ton Iowa class.

The enemy broadcast, entirely without confirmation, said another battleship claimed to have been heavily damaged was of the 35,000-ton North Carolina class "and went down to a watery grave the night of June 15 off the Marianas."

"Two of four United States aircraft carriers which were heavily damaged and set ablaze or left heavily listing the night of June 17," the broadcast went on, were of the 24,000-ton Essex type while another was of the 10,000-ton Independence type which had been converted from a cruiser. A fourth appeared to be also of the Essex type."

Nimitz Ready

Adm. Chester Nimitz announced the enemy fleet was operating between the Marianas Islands and the Philippines, 1,500 miles apart. Axis broadcasters, declaring most of the U. S. Pacific Fleet was concentrated

JOHN EPPLEMAN EXPIRES AT 74

John Eppleman, 74, who resided for the last year with his daughter, Mrs. John Knox, Gettysburg R. 3, died at the Warner hospital Tuesday midnight from a complication of diseases. He had been a patient at the hospital since June 15.

He was the last of the family of Chrysostom and Mary (Myers) Eppleman and always resided in Adams county. He was a retired farmer.

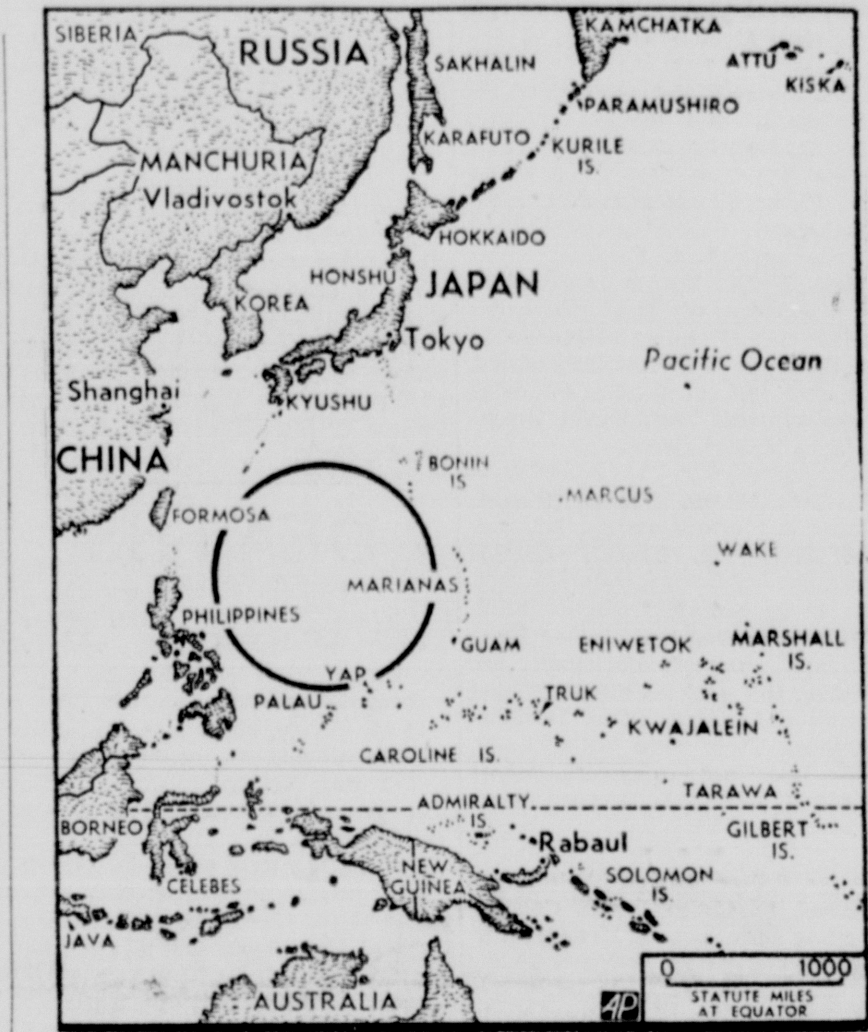

The deceased was a member of Montana Lodge, I. O. O. F., Bendersville, and the Bendersville Lutheran church.

His first wife, Annie Slusser, died 40 years ago. His second wife, Mrs. Mary Elita (McKinney) Sidensinger, died five years ago.

Surviving are five children by his first wife: Mrs. Ira Heller, Gardeners R. 2; Mrs. John Knox, Gettysburg R. 3; George C. York Springs; Mrs. Raymond Topper, York street, and Clyde, Atlantic City. Also surviving are 16 grandchildren and seven great grandchildren.

Funeral services Friday afternoon at 2 o'clock from the Routsong-Dugan funeral home, Bendersville, conducted by the Rev. P. J. Horick. Interment in the Bendersville cemetery.

Friends may call at the funeral home Thursday evening from 7 to 9 o'clock.

Circled area, bounded by the Philippines, Japan's southwestern islands, the Marianas, and Palau, indicates the zone in the Pacific in which Admiral Nimitz said the Japanese Navy had moved into position and where, he said, "a naval engagement may already have occurred" with U. S. warships.

Here And There News Collected At Random

GENERAL HAWLEY

The tremendous task of treating, evacuating and saving the lives of countless thousands of American wounded in the great invasion of France falls on the shoulders of Major General Paul R. Hawley who is well known to a number of persons in Gettysburg.

Back in 1938 General Hawley, who was then a lieutenant colonel, was stationed at Carlisle Barracks and he was assigned the task of directing the 1st Medical Regiment's service during the Blue and Gray Reunion in Gettysburg.

General Hawley assembled an organization of medics, set up his machinery and was on hand personally when the first special train of 14 Pullmans arrived in Gettysburg with a contingent of Civil War veterans. Thirteen other special trains followed within the next 48 hours.

Because of the high mortality rate among men of such advance ages, from the youngest who was 89 and to the oldest, 104, the state and federal commissions contracted for the burial of 100 veterans who, by every known method of reasoning and calculating, would pass away during the week's Reunion here.

General Hawley merely smiled and said nothing, publicly, but to a member of the state commission he whispered, "That's too high. We won't lose near that many."

General Hawley's heretofore unpublished boast was no idle statement. He lived up to his claim. Not a veteran died in Gettysburg during that entire week, and there were 1,845 veterans here all of whom were well over four score years of age. Two veterans died the day after the Reunion. Five others died after the Reunion, one after reaching home.

The surgeon general said it was the finest medical service he had ever seen that was rendered.

WOMEN BOOST BOND SALES; CARAVAN TOUR

Continuing their vigorous campaign to help attain the quota of \$2,797,000 in the Fifth War Bond campaign the Women's Division today reported \$17,550 in bond sales on Tuesday and more names enrolled on the Victory Cradle Roll and the Roll of Honor League.

Five communities combined to report the \$17,550 sales during the day. They are:

Gettysburg, \$9,425; Littlestown, \$2,875; Biglerville, \$2,850; Fairfield, \$1,275, and Cashtown \$1,125.

Mrs. Donald P. McPherson, Sr., enrolled Donald P. McPherson, III, on the Victory Cradle Roll.

The Roll of Honor League reported these additional names:

Mrs. Naomi Beamer for Sgt. Philip Beamer, Biglerville.

The Biglerville garage for Ralph Taylor.

In Gettysburg these names were added:

Mrs. R. W. Gifford for Captain Roy W. Gifford.

A friend of Cpl. John William Roth.

Mrs. John D. Keith for Cpl. John (Please Turn to Page 5)

Soroptimists At Joint Installation

The local Soroptimist Club participated in a joint installation dinner of the York, Harrisburg, Hanover and Gettysburg clubs at the Hotel Richard McAllister at Hanover on Tuesday evening. Local members who attended were Mrs. David Blocher, Mrs. Elizabeth Hennig, Miss Florence Basehoar, Mrs. Clyde D. Berger, Mrs. Charles T. Ziegler, Mrs. Guyon E. Buehler, Mrs. John Bachensky and Mrs. Elizabeth Grieb.

Miss Martha Servis, executive secretary of the American Federation, which comprises 187 clubs, served as toastmaster. The installation ceremonies were in charge of Mrs. Pluma Batten, director of the North Atlantic region, who presented small corsages to each new officer.

Mrs. Bachensky and Mrs. Grieb were installed as new members of the local club.

By WES GALLAGHER

Supreme Headquarters Allied Expeditionary Force, June 21 (AP)—U. S. doughboys supported by heavy artillery and air bombardment today assaulted two key inner fortresses guarding Cherbourg—one less than a mile from the commercial docks—and fought house-to-house through the city's suburbs.

(An NBC broadcast from Normandy declared "our ground forces are moving into Cherbourg.")

The power drive from the south hammered against Fort Du Roule, on a hill at Cherbourg's outskirts and within a mile of the docks, and Fort Octeville, a little more than a mile to the west.

Cherbourg's great military port area, now exploding under German demolitions, lies only two miles behind Fort Octeville.

Last Ditch Stand

The Germans were making a last ditch stand in these inner ring fortresses.

Heavy fighting was reported in the built-up suburban section of France's third greatest port.

The assault upon the forts raced forward from St. Martin le-Greard, four miles south of Cherbourg, and advance units on the western flank took Acqueville, three to four miles west and slightly south of Cherbourg's city limits.

Fort Du Roule, a major key to control of the besieged German stronghold, stands atop a 450-foot hill.

The French worked for more than a century building up Cherbourg's forts and defenses and the Germans now are making a last stand in the inner ring—which embraces part of the city itself.

Rush Demolitions

Smoke hung over the city as the trapped German defenders carried out hurried demolitions in the strategic harbor, now in plain view of the attacking American troops coming out of the hills surrounding their objective.

German defenses have stiffened and there are indications the Nazi high command has ordered a house-to-house fight by some 25,000 to 50,000 Germans now left with virtually no chance of escape. Allied broadcasts last night urged the trapped garrison to surrender.

Although the three main roads to Cherbourg from the south run into one main highway bottleneck just outside the city, the American troops apparently were closing in from three sides—south, west and east.

Take Four Towns

Communique No. 31 from Supreme Headquarters this morning announced that the towns of Valognes, Les Pieux, Couville and Rauville la Bigot were in Allied hands, but the advance American line runs some distance beyond these points.

The line starts north of Les Pieux, itself 10 miles southwest of the port, and straggles north to the Acqueville area near Flottemanville Les Noes-Hague, a hamlet between Acqueville and Cherbourg—an area which at last available reports gave the closest approach to the port.

On the main road from Les Pieux to Cherbourg Lt. Gen. Omar N. Bradley's veteran American troops have reached points four miles from the port. The line then swings toward the northeast coast, with the doughboys anywhere from four to six miles from the city at most points, and eventually hits the beach more than three miles north of Quineville.

The suburban and city area which now has become a battlefield has an estimated population of 60,000. The population of the city proper, according to latest reports, is approximately 33,400 and an additional 27,000 live in the suburbs.

Despite German reports the Supreme Allied Command said it has no knowledge that Allied warships were shelling Cherbourg from the sea and declared such an attack was unlikely.

The port is protected by seven heavy coastal forts which should be much simpler to take by land assault than from the sea.

CONTINENTAL BASE NEAR FOR ALLIED DRIVE

By J. M. ROBERTS, JR.

Sub-titling for Dewitt MacKenzie

Capture of Cherbourg, now dependent on how many Germans want to die first, will bring the Allies to a new phase of the invasion—the establishment of a continental base from which to start for Germany.

That means a concentration which quite possibly would need to occupy all northwestern France, including the Brittany peninsula (Bret) from Loire (St. Nazaire) to the present beachhead, and Le Havre, which commands the Seine basin.

Otherwise, there seems to be little anchor for the Allied southern flank as it turns for the advance into France. Hitler went through northern France in 1940 without regard for French threats on his southern flank. But, commanders may not want to chance it.

There could be many reasons for recent bombings of Avranches, Laval, Rennes, Brest, and Nantes, but designs on the Brittany peninsula would be a good one.

For purposes of surprise, the Allies did not ignore the fact that someone put it, they selected an area where nobody could establish a successful beachhead, and then did it. But when preparing for battles on a large scale—presumably more than a million men will be on each side when the campaign really gets going—terrain cannot be ignored.

The Loire and the Seine are quite logical flanks for a drive toward Paris.

Of course the location of the present beachhead is the only indication we have that the drive will be toward Paris. The Allies still have plenty for a new landing around Calais and an ultimate campaign across the traditional battlefields of northern France and Belgium. But the enemy is much more concentrated and highly prepared there. His rocket bomb emplacements indicate that, since his use of them when landings in the area failed to materialize indicated he had been saving them for defense, not the present none-too-important offense.

Both areas meet the requirements of General Eisenhower, whose only word of his plans is that he wants to get at the enemy. From this distance it appears a 200-mile front from the Seine to St. Nazaire would let us at just as many of Hitler's legions as would the more heavily fortified north.

It's too early to tell what has happened or is happening in the far Pacific, but there's something very special in the tone of Admiral Nimitz's voice today.

22ND DISTRICT LEGION POSTS MEET IN YORK

A meeting of the 22nd American Legion district was held at York, Tuesday evening, with District Commander Stanton D. House, Aspers, in charge. Ten of the 17 posts in the district were represented: seven of the eight in York county; two of the three in Adams county and one of the six in Franklin county.

The membership in the district as of June 15, was 2,774. Commander House reported. The quota for the district is 2,562 which is 10 per cent higher than that for the previous year. York post headed the list with 950 members. The Hanover post is second with 325 members and third on the list is the Glen Rock post with 148 members. Thirteen of the posts in the district have exceeded this year's quota and 16 have gone over the top on last year's figures. The total is 560 above that at the comparable period last year.

William Rhoads, Rutledge, Pa., of the 8th American Legion district, a past vice-president of the Department of Pennsylvania presently the only announced candidate for department commander, was a guest, and delivered an address.

To Hold Caucuses

It was decided that a caucus of representatives from the posts in the district to the state department convention shall be held at a time and place to be designated later, for the purpose of electing a district commander. This election must occur within 30 days prior to the holding of the state convention in Harrisburg, August 16, 17, 18 and 19.

Edward L. Reigart, department commander of the 8th district, and Daniel Staub, Lancaster, a member of the department finance committee and adjutant of the 10th district, were also guests. Both were introduced to the gathering.

A donation of \$30 was made to the Tri-State Entertainment committee for the purpose of holding a party for patients at the Coatesville Veterans facility.

It was decided to dispense with a meeting on July 4.

For purposes of surprise, the Allies did the illogical in landing. As someone put it, they selected an area where nobody could establish a successful beachhead, and then did it. But when preparing for battles on a large scale—presumably more than a million men will be on each side when the campaign really gets going—terrain cannot be ignored.

The Loire and the Seine are quite logical flanks for a drive toward Paris.

Of course the location of the present beachhead is the only indication we have that the drive will be toward Paris. The Allies still have plenty for a new landing around Calais and an ultimate campaign across the traditional battlefields of northern France and Belgium. But the enemy is much more concentrated and highly prepared there. His rocket bomb emplacements indicate that, since his use of them when landings in the area failed to materialize indicated he had been saving them for defense, not the present none-too-important offense.

Both areas meet the requirements of General Eisenhower, whose only word of his plans is that he wants to get at the enemy. From this distance it appears a 200-mile front from the Seine to St. Nazaire would let us at just as many of Hitler's legions as would the more heavily fortified north.

It's too early to tell what has happened or is happening in the far Pacific, but there's something very special in the tone of Admiral Nimitz's today.

USWV Auxiliary Expresses Thanks

22ND DISTRICT LEGION POSTS MEET IN YORK

A meeting of the 22nd American Legion district was held at York, Tuesday evening, with District Commander Stanton D. House, Aspers, in charge. Ten of the 17 posts in the district were represented: seven of the eight in York county; two of the three in Adams county and one of the six in Franklin county.

The membership in the district as of June 15, was 2,774, Commander House reported. The quota for the district is 2,582 which is 10 per cent higher than that for the previous year. York post headed the list with 950 members. The Hanover post is second with 325 members and third on the list is the Glen Rock post with 148 members. Thirteen of the posts in the district have exceeded this year's quota and 16 have gone over the top on last year's figures. The total is 500 above that at the comparable period last year.

William Rhoads, Rutledge, Pa., of the 8th American Legion district, a past vice-president of the Department of Pennsylvania presently the only announced candidate for department commander, was a guest and delivered an address.

To Hold Caucuses

It was decided that a caucus of representatives from the posts in the district to the state department convention shall be held at a time and place to be designated later, for the purpose of electing a district commander. This election must occur within 30 days prior to the holding of the state convention in Harrisburg, August 16, 17, 18 and 19.

Edward L. Reizart, department commander of the 8th district, and Daniel Shaul, Lancaster, a member of the department finance committee and adjutant of the 10th district, were also guests. Both were introduced to the gathering.

A donation of \$30 was made to the Tri-State Entertainment committee for the purpose of holding a party for patients at the Coatesville Veterans hospital.

It was decided to dispense with a meeting on July 4.

COUNTY YOUTHS WIN AWARDS FOR SWINE RAISING

Harry Spangler, Gettysburg R. 4, son of Mr. and Mrs. Russell M. Spangler, an agricultural student at Gettysburg high school, was awarded a \$100 war bond prize Tuesday evening by the Sears Roebuck Foundation for showing the best results of any of the 12 county students who were given gilts last year by the organization.

The award was given at a dinner for PFA students of Adams, Lancaster and York counties held in the York YMCA auditorium. Myles Starnier, Aspers R. 1, a student at Biglerville high school, won a \$50 bond for having the second best record and Earl Myers, East Berlin high school student from Thomasville R. 1, won the \$25 bond third prize.

Spangler spoke briefly at the dinner session, as leading representative from Adams county. He told the group of the work done by the 12 county students in taking care of the gilts received last year.

Selected Youths
The youths who were given the gilts by the foundation last year were Richard Slaybaugh, Gettysburg R. 2; Paul Irvin, Orrtanna R. 2; Myles Starnier, Harry Hoffman, Gardner R. 1; Lloyd Jacobs, East Berlin R. 2; Earl Myers, Dwight Strausbaugh, Orrtanna R. 1; Harry Spangler, Richard Weaver, Gettysburg R. 4; James Senti, Littlestown R. 2; Homer Stambaugh, New Oxford R. 1; and Donald Miller, York Springs R. 2.

The PFA boys from the county who have been selected to receive gilts this year from the foundation were announced as Paul Fissel, Biglerville R. 2; John Allison, Gettysburg R. 3; Dale Stock, New Oxford R. 1; Fred Baker, Biglerville; Charles Lighty, East Berlin; Charles Rohrbaugh, Fairfield R. D.; Charles Schriver, Gettysburg R. D.; John Keefer, Gettysburg R. D.; George Reaver, Littlestown R. D.; Paul Kime, New Oxford R. D.; Wendell Lehman, York Springs, and Horace Waybright, Gettysburg R. D. Mr. Waybright was especially selected as having done outstanding work in the county in swine raising last year.

Educators Attend
M. W. Anspach, manager of the Lancaster Sears Roebuck store, presented the war bond awards while Stewart W. Pettigrew, director of the foundation, presented the gilts. H. C. Fetterolf, chief of vocational agriculture, Department of Public Instruction, Harrisburg, was the speaker for the evening. He was introduced by T. M. Mallin, vocational supervisor for York and Lancaster counties.

Besides the PFA members from Adams county attending the dinner meeting, others from the county present included Guile W. Lefever, principal of Gettysburg high school; Elmer Schriver, agricultural education supervisor at Gettysburg high school; Cecil Snyder, vocational agricultural education instructor at Biglerville; C. P. Keefer, principal, and John Kratzert, agriculture instructor at New Oxford high school; Elmer Gruver, principal, and Marvin Webb, agriculture instructor, East Berlin high school; Dale Roth, principal, and John Stock, agricultural instructor, York Springs high school and Richard C. Lighter, county supervisor of agricultural education.

"We have no other details of the resulting air battle," he continued, "other than the fact that our forces were ready for the attack."

"Our carrier aircraft and ships' anti-aircraft guns wiped out most of the Japanese planes." At Pearl Harbor Admiral Nimitz has reported that the Japanese have lost a total of 600 planes since action began in the Marianas.

King, asked about the prospective engagement there, said that the communique from Nimitz speaks for itself and, combined with Forrestal's report, covers the situation "as accurately as we know it."

"You are not worried about the outcome?" he was asked. "No," he replied, shaking his head.

EIGHTH ARMY CHASES BOGHE FROM PERUGIA

By LYNN HEINZERLING
Rome, June 21 (AP)—Eighth Army veterans have hurled the last stubborn Nazi defenders out of ancient Perugia, communications hub 85 miles north of Rome, and advanced some four miles north of the city. Allied headquarters said today.

The Allied drive still was in steady motion although the Germans had thrown the elements of seven divisions against the right flank of the Fifth Army's front in an effort to slow its pace. But the Fifth fought through four more villages, making what headquarters termed "minor tactical gains."

It was disclosed that the Fifth Army has taken prisoners from the 19th Luftwaffe Division, which left Belgium June 10, four days after the invasion of France began.

This was the second German division to be diverted from the western front since the Allies spectacular advance in Italy began, the 20th Luftwaffe Division having arrived here previously from Denmark. Prisoners also have been taken in the same general area from the 16th SS Division which was brought here from the Balkans.

Mediterranean Air Force headquarters announced Thunderbolts of the First Tactical Air Force severely damaged an enemy aircraft carrier in Genoa harbor believed to be an Italian ship being refitted.

Tactical aircraft flew 750 sorties yesterday over the battle area and all returned.

After clearing the university city of Perugia, Eighth Army troops headed after the withdrawing Germans in several directions. They soon occupied high ground north-west of the city. Forward elements northeast of Perugia reached a point some five miles from the city limits.

The occupation of Perugia was carried out by a column led by the 16th and 5th Lancers, famous British cavalry regiment now armored.

Farther west Eighth Army troops were astride Highway 71 northeast of Lake Chiusi and the towns of Chiusi and Cerona were cleared of the enemy.

Motorized forces were greatly handicapped by three days of heavy rains which made some roads impassable.

French forces on the right flank of the Fifth Army ran into bitter resistance in some villages. Nevertheless the villages of Monticello, Seggiano, Vivo d'Orcia, Bagni, San Felippo, Pancia, Palozetta, Poggio Marne, Pantano and Campiglia d'Orcia were occupied.

RUSSIANS DRIVE NEAR HELSINKI

London, June 21 (AP)—Victorious Russian troops who occupied Finland's fortress seaport of Viipuri yesterday drove on today toward the capital city of Helsinki, where the Germans were reported exerting pressure to keep their small ally from suing for peace with Premier Joseph Stalin.

The Finnish radio, which told of the Russian advance, urged all persons whose presence was not essential to evacuate Helsinki, which lies approximately 135 airline miles west of Viipuri.

Twenty saloons from 224 guns boomed in Moscow last night following Stalin's order of the day announcing the fall of that city to Marshal Leonid Govorov's Leningrad army after a smashing 11-day offensive.

The Moscow radio said Finland was on "the brink of defeat."

Stalin's announcement declared Red Army troops had crashed through the Mannerheim line, and "developing their offensive, overpowered the outer and inner defenses of Viipuri, and today, June 20, carried by assault the fortress and town of Viipuri."

Youths To Help Farmers Sundays

Pittsburgh, June 21 (AP)—Young people of the First Unitarian church plan to do farm work every Sunday during the harvesting season as a practical manifestation of invasion prayers "spoken through work and service."

Beginning next Sunday, and every Sunday through September 3, the college-age group of 40 workers will meet at the church and travel in trucks to the farm. They will return in the afternoon and have supper at the church.

"This is our prayer for the invasion armies and for the suffering peoples everywhere, a prayer spoken through work and service," the Rev. Irving Murray, pastor of the church, who initiated the work camp idea, explained.

"We are going to harvest these crops on Sunday primarily because that is the only time our college-age men and women have for the project," he added.

G I VOTERS MOUNT

Harrisburg, June 21 (AP)—Names of 100,543 Pennsylvanians in the armed forces and Allied agencies, entitled to receive ballots automatically, were listed by civilian defense volunteers up to last night, the State Defense Council reported.

OPINIONS DIFFER ON LIQUOR PLANS

Washington, June 21 (AP)—Members of the Senate's liquor shortage investigating committee today applauded the WPB announcement that whisky making will be resumed for a month but urged that stricter government controls be placed on distribution to offset the "bootleggers" and "black marketers."

The war production board said yesterday that alcohol would be released for the manufacture of from 40,000,000 to 50,000,000 gallons of 80-90 proof blended whisky, about one fourth of a normal year's supply.

Easing of the industrial alcohol situation was given as the reason. The whisky will be manufactured during the month of August.

But from Rep. Bryson (D-SC), author of a long-pending wartime prohibition bill came the statement that "this country will be shocked by the announcement."

"It is tragic," he said, "that at a time when we are trying to feed not only our own people but the people of other nations that we should use vital substances for liquor."

Call Rocket Bombs Military "Fizzles"

Washington, June 21 (AP)—From a strictly military viewpoint the Nazi's greatest secret anti-invasion weapon, the highly-touted flying bomb, is a fizzle.

This is the opinion of responsible military leaders here—men who were seriously worried a few weeks ago over the tricks the Germans might spring in the critical hours of invasion.

Now the time for effective use of tricks has passed. Only by the proved weapons of war, tanks, guns, bombs, planes, artillery, gas, it is held, can the enemy do serious harm.

It is a question whether the Germans will ever release gas now, partly because they would have had to employ it in the first few days when beachheads were narrow if they had intended to stop the invasion and partly because of the threat of devastating Allied reprisals.

Kangaroo Twins Parted By Death

Philadelphia, June 21 (AP)—The zoo's prize exhibit—Nonesuch and Sitting Pretty, only known kangaroo twins in history—was broken up today.

Nonesuch, ejected from the maternal pouch last March 30 by his more active brother, was dead.

His body was found late Monday just as the zoo was preparing to make "the picture of the year." "We planned to photograph them together," said Director Freeman M. Shelly. "We wanted to get them boxing if possible."

Nonesuch's death was attributed to "Kangaroo disease," caused, the zoo said, by unknown bacteria.

Bottle-fed Nonesuch had been kept warm by a specially knitted pouch. His mother's pouch, the zoo explained, was large enough for one of the twins.

Labor Shortage Is On Increase

Harrisburg, June 21 (AP)—An expected shortage of 56,551 workers July 1 in essential plants in 13 Pennsylvania war production areas will increase to 81,972 by November 1, according to Carl B. Harr, acting State War Manpower director.

Harr said yesterday 1,031 firms in the areas have estimated they will need 94,673 workers July 1 and 165,384 November 1 with the indicated net supply of men and women available only 38,122 and 33,412 on the respective dates.

SHUTTLE RAID ON BERLIN BY FLYING 'FORTS'

London, June 21 (AP)—More than 1,000 American Flying Fortresses and Liberators blasted Berlin and the capital's outskirts today and the German radio indicated that at least some of the planes flew on eastward—possibly in the first shuttle raid from Britain to new American bases in Russia.

The bomber fleet had an escort of around 1,000 fighters, making a total force of some 2,000 planes which carried the aerial war once more to the heart of the German homeland.

Basdorf, on Berlin's outskirts, also was blasted.

German broadcasts admitted damage and casualties and threatened to retaliate with "bigger and more powerful explosives" than those used in the current rocket bomb offensive.

First Liberator fliers back at British bases said there was plenty of fuel over the targets but they did not see a single German fighter—rare occurrence in raids on the hub of Germany.

Other Bombings

Berlin broadcasts said the Hannover and Brunswick areas also had been attacked by the daylight raiders, but there was no immediate Allied confirmation of these reports.

At the same time big fleets of Allied planes were observed streaking over across Dover strait and disappearing in the direction of the German rocket bomb bases which now have been pounded continuously for five days.

During the night the tempo of the Allied aerial offensive was maintained as RAF Mosquitos thundered out in relays for four hours to harass German lines of reinforcements by blasting the Meixdorf railroad yards near Caen in the Normandy battle area. Rail yards at Chartres also were hit.

WALLACE FETED AT CHUNGKING

Chungking, June 21 (AP)—A general system of collective security, backed if necessary by an adequate international force, was urged by President Chiang Kai-Shek tonight at a brilliant state banquet given by him and Mrs. Chiang in honor of Vice President Henry A. Wallace.

Assuring the visiting American that China wishes to live in good neighborhood, harmony and peace with all nations, the Generalissimo said:

"We respect the integrity and independence of every nation. We dream no dreams of domination. We have no territorial ambitions."

The Chinese believe, he said, in an ever-increasing cooperation with other countries in matters economic, financial, cultural and political, "and in the development of our industry and our immense natural resources we will welcome foreign investment and foreign technicians."

Says State Short On Scrap Quotas

Harrisburg, June 21 (AP)—Chairman Warren R. Roberts of the State Defense Council's Salvage committee says Pennsylvanians still are falling short of the monthly quota of 10 pounds of waste paper per person even though collections have increased.

Roberts reported May collections in 58 counties totaled 42,316 tons against April collections of 38,634 tons or more than 8½ pounds per capita.

The Audit Bureau of Circulation was organized in 1914 to secure information concerning the circulation and distribution of publications.

"Red" Crane's 12th Plea Is Heard

Harrisburg, June 21 (AP)—Samuel B. (Red) Crane, a former big league shortstop serving a second degree murder sentence in the slaying of two persons here in 1930, has been rehabilitated, prison authorities say, and should be freed.

The State Pardon board heard Crane's 12th plea for commutation yesterday and Attorney General James H. Duff, board member, commented the board "is inclined to the idea he may be entitled to some consideration at this time." He said the trial judge and district attorney were not opposed.

Here And There

(Continued From Page 1) responsible for the splendid achievement here.

General Hawley's official report of the medical service here in 1938 is contained in the history of the Reunion. In it he wrote:

"As a part of the preliminary planning, a survey was made of all hospital facilities in Gettysburg, Carlisle, Harrisburg, Hanover, Waynesboro, Chambersburg and Lancaster, in Pennsylvania, and in Hagerstown, Frederick and Baltimore, in Maryland. During the observation the evacuation officer obtained a report each day by telephone of the number of beds in these institutions that were available to the Blue and Gray Reunion. It was the policy to transfer serious cases and those requiring prolonged hospitalization to civil hospitals as rapidly as possible. The surgeon, through his medical and surgical consultants, determined the disposition of all cases. The cases transferred to civil hospitals were treated by the staffs of such hospitals thereafter."

"The general policy applying to all medical care, established by the surgeon general, was that no treatment would be given that was not directed toward the safe return of the patient to his home. For example, no operation (to correct a chronic condition) that would prevent the patient from returning home safely would be approved. In the application of this policy only was there any dictation as to the treatment given in civil hospitals.

"No report of the medical service of the Blue and Gray Reunion would be either complete or fair that did not record the splendid cooperation of Dr. J. McCrea Dickson, then chief of staff of the Anne M. Warner hospital in Gettysburg. From the earliest days of planning until the observance was ended, Doctor Dickson gave unselfishly of his time and energy in assisting the 1st Medical Regiment in its task."

General Hawley concluded his report with this summation:

"Outpatient treatments: Union veterans, 870; Confederate veterans, 693; attendants to veterans, 457; Pennsylvania National Guard, 106; Pennsylvania Motor Police, 10; Boy Scouts of America, 68; Regular Army 79; General Public, 410.

"Admitted to hospital: Union veterans, 47; Confederate veterans, 30; attendants to veterans, 6."

While General Hawley is in supreme command of the medical service during the Invasion the supreme commander in chief of all the forces in the Invasion is another man who also served at Gettysburg, General Dwight David "Ike" Eisenhower.

GI VOTE SURVEY IS PROGRESSING

Harrisburg, June 21 (AP)—With nearly 63,000 military ballot cards completed in 56 counties, State Defense council said Tuesday the G. I. vote canvass "is progressing in every county" despite some delays.

"In many instances," added a council statement on the drive which extends through June 28, "canvassers have been compelled to repeat visits to homes in order to get serial numbers or to contact persons at work, which has slowed up their activities considerably."

Some 200,000 civilian defense volunteers have been mobilized to obtain information to enable an estimated 800,000 Pennsylvanians in the armed forces and auxiliary agencies to vote in November.

Charles M. Morrison, secretary of the commonwealth, meanwhile, instructed district election boards to arrange alphabetically information cards to be received on military ballot day, July 7, and prepare a list of names without military addresses for posting outside polling places. The cards and a copy of the list must be turned over to county boards by noon July 8.

He also ordered county boards to prepare an alphabetical military file containing all names received by application of the elector, by lists certified on military ballot day or from any other source, with any duplications eliminated.

EIGHTH ARMY CHASES BOCHÉ FROM PERUGIA

By LYNN HEINZERLING
Rome, June 21 (AP)—Eighth Army veterans have hurled the last stubborn Nazi defenders out of ancient Perugia, communications hub 85 miles north of Rome, and advanced some four miles north of the city. Allied headquarters said today.

The Allied drive still was in steady motion although the Germans had thrown the elements of seven divisions against the right flank of the Fifth Army's front in an effort to slow its pace. But the Fifth fought through four more villages, making what headquarters termed "minor tactical gains."

It was disclosed that the Fifth Army has taken prisoners from the 19th Luftwaffe Division, which left Belgium June 10, four days after the invasion of France began.

This was the second German division to be diverted from the western front since the Allies' spectacular advance in Italy began, the 20th Luftwaffe Division having arrived here previously from Denmark. Prisoners also have been taken in the same general area from the 16th SS Division which was brought here from the Balkans.

Mediterranean Air Force headquarters announced Thunderbolts of the First Tactical Air Force severely damaged an enemy aircraft carrier in Genoa harbor believed to be an Italian ship being refitted.

Tactical aircraft flew 750 sorties yesterday over the battle area and all returned.

After clearing the university city of Perugia, Eighth Army troops headed after the withdrawing Germans in several directions. They soon occupied high ground north-west of the city. Forward elements northeast of Perugia reached a point some five miles from the city limits.

The occupation of Perugia was carried out by a column led by the 16th and 5th Lancers, famous British cavalry regiment now armored.

Farther west Eighth Army troops were astride Highway 71 northeast of Lake Chiusi and the towns of Chiusi and Cetona were cleared of the enemy.

Motorized forces were greatly handicapped by three days of heavy rains which made some roads impassable.

French forces on the right flank of the Fifth Army ran into bitter resistance in some villages. Nevertheless the villages of Monticello, Seggiano, Vivo d'Orcia, Bagni, San Felippo, Paccia, Palozzetta, Poggio Manje, Pantano and Campiglia d'Orcia were occupied.

RUSSIANS DRIVE NEAR HELSINKI

London, June 21 (AP)—Victorious Russian troops who occupied Finland's fortress seaport of Viipuri yesterday drove on today toward the capital city of Helsinki, where the Germans were reported exerting pressure to keep their small ally from suing for peace with Premier Joseph Stalin.

The Finnish radio, which told of the Russian advance, urged all persons whose presence was not essential to evacuate Helsinki, which lies approximately 135 airline miles west of Viipuri.

Twenty salvos from 224 guns boomed in Moscow last night following Stalin's order of the day announcing the fall of that city to Marshal Leonid Govorov's Leningrad army after a smashing 11-day offensive.

The Moscow radio said Finland was on "the brink of defeat."

Stalin's announcement declared Red Army troops had crashed through the Mannerheim line, and "developing their offensive, overpowered the outer and inner defenses of Viipuri, and today, June 20, carried by assault the fortress and town of Viipuri."

Youths To Help Farmers Sundays

Pittsburgh, June 21 (AP)—Young people of the First Unitarian church plan to do farm work every Sunday during the harvesting season as a practical manifestation of invasion prayers "spoken through work and service."

Beginning next Sunday, and every Sunday through September 3, the college-age group of 40 workers will meet at the church and travel in trucks to the farm. They will return in the afternoon and have supper at the church.

"This is our prayer for the invasion armies and for the suffering peoples everywhere, a prayer spoken through work and service," the Rev. Irving Murray, pastor of the church, who initiated the work camp idea, explained.

"We are going to harvest these crops on Sunday primarily because that is the only time our college-age men and women have for the project," he added.

G. I VOTERS MOUNT

Harrisburg, June 21 (AP)—Names of 100,543 Pennsylvanians in the armed forces and Allied agencies, entitled to receive ballots automatically, were listed by civilian defense volunteers up to last night, the State Defense Council reported.

OPINIONS DIFFER ON LIQUOR PLANS

Washington, June 21 (AP)—Members of the Senate's liquor shortage investigating committee today applauded the WPB announcement that whisky making will be resumed for a month but urged that stricter government controls be placed on distribution to offset the "bootleggers" and "black marketeers."

The war production board said yesterday that alcohol would be released for the manufacture of from 40,000,000 to 50,000,000 gallons of 86-90 proof blended whisky, about one fourth of a normal year's supply.

Easing of the industrial alcohol situation was given as the reason. The whisky will be manufactured during the month of August.

But from Rep. Bryson (D-SC), author of a long-pending wartime prohibition bill came the statement that "this country will be shocked by the announcement."

"It is tragic," he said, "that at a time when we are trying to feed not only our own people but the people of other nations that we should use vital substances for liquor."

Call Rocket Bombs Military "Fizzle"

Washington, June 21 (AP)—From a strictly military viewpoint the Nazi's greatest secret anti-invasion weapon, the highly-touted flying bomb, is a fizzle.

This is the opinion of responsible military leaders here—men who were seriously worried a few weeks ago over the tricks the Germans might spring in the critical hours of invasion.

Now the time for effective use of tricks has passed. Only by the proved weapons of war, tanks, guns, bombs, planes, artillery, gas, it is held, can the enemy do serious harm.

It is a question whether the Germans will ever release gas now, partly because they would have had to employ it in the first few days when beachheads were narrow if they had intended to stop the invasion and partly because of the threat of devastating Allied reprisal.

Kangaroo Twins Parted By Death

Philadelphia, June 21 (AP)—The zoo's prize exhibit—Nonesuch and Sitting Pretty, only known kangaroo twins in history—was broken up today.

Nonesuch, ejected from the maternal pouch last March 30 by his more active brother, was dead.

His body was found late Monday just as the zoo was preparing to make "the picture of the year."

"We planned to photograph them together," said Director Freeman M. Shelly. "We wanted to get them boxing if possible."

Nonesuch's death was attributed to "Kangaroo disease," caused, the zoo said, by unknown bacteria.

Bottle-fed Nonesuch had been kept warm by a specially knitted pouch. His mother's pouch, the zoo explained, was large enough for one of the twins.

Officers Elected At State C.E. Meet

Chambersburg, Pa., June 21 (AP)—The 21st biennial session of the Pennsylvania Christian Endeavor Union continued today with Charles S. Drain, Jr., Philadelphia, as the new president.

Drain and these other officers were installed last night:

Robert P. Chapman, Allentown, first vice president; B. McClain Cochran, West Grove, second vice president; Warren O. Hoopes, West Grove, general secretary; the Rev. Lester H. Case, Pittsburgh, field secretary; Howard W. Edgar, Glen-shaw, financial secretary; J. Allen Tucker, Philadelphia, treasurer, and Dr. Franklin Duncombe, Bala-Cyn-wyd, pastoral counselor.

POISON GAS

New York, June 21 (AP)—Radio France at Algiers said today in a broadcast to French areas that the Germans had transported "large quantities" of poison gas from Germany into Hungary "with a view to using it against the Soviet Army, from whom they dread a new and powerful offensive."

Many uncivilized races are adept in ventriloquism.

Gas on Stomach

Relieved in 5 minutes or double your money back. When excess stomach acid causes painful, indigesting gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known for symptomatic relief—medicines like those in Bellamy's Tablets. No laxative. Bellamy's brings comfort in a jiffy or returns bottle to us for double money back. 50c.

"ARE YOU MY DADDY?"

"YES, sonny boy, I'm your daddy—the daddy you don't remember because you were just a few months old when I left for war." War is heartless, little man. It doesn't give much heed to family ties. But, along with millions of other men and women in uniform, your dad is doing everything he can to keep another war from starting when you're grown up and have children of your own.

NEIGHBORHOOD

Each neighborhood in nature's plan is wholly cosmopolitan.

For instance: this, our city block, houses a heterogeneous flock.

Here in my little space of ground a various tenantry is found.

Who came here first we'll never know, From sparrow to the ravenous crow.

For differing from the ways of men Here live the mourning dove and wren.

Robin and cardinal, thrush and jay, And none so proud he moves away!

Today's Talk

DISCIPLINE

The more we use this brain of ours the more we are grateful to the Creator for giving it to us, and the more we appreciate its great uses. And I would name as one of its greatest uses that of arranging discipline for us!

As I think of the many Seasons, the thought comes to me of their wonderful disciplinary power over us. We are called upon to face the emergencies of cold, wind, storms, heat and disasters that many of these Seasons produce. Our resources are called upon, and their exercise to extreme ends at times.

If we had one uniform Season it would be bound to dull us in a number of ways. We would grow soft and careless, and our inventive incentive would be impaired. Varieties of tests school us. They keep us on our toes, enlarge our vision and challenge our character.

The Seasons dovetail one another like the lines of a poem. Each line represents a mood or an experience. Each Season represents something of beauty, something to make us think of the wisdom of the Creator who arranged each. We live each in its turn, and await the coming of the next. And we are disciplined to each.

The free and easy of mind dislike discipline, but the strong welcome it as essential equipment. In war every victory hangs upon it. In peace, where it reigns, there is the utmost efficiency.

We are continually being misjudged, and too often criticized, because we disregard discipline in the way that we conduct our lives. We become over-sensitive through its lack. The thoroughly disciplined man dismisses imagined wrongs as having no bearing upon his self-conceit. He goes his way confident and assured because he is controlled by a superior self-discipline.

Thoreau once wrote that "God could not be unkind to me if he should try." This was because he had himself under complete control. Only such a man could say, as he did, that "I have never got over my surprise that I should have been born into the most estimable place in the world, and in the very nick of time, too."

Tomorrow Mr. Adams will talk on the subject "The Moods of the Mind."

Escaping Gas Kills 3 Persons

York, Pa., June 21 (AP)—Blimping gas escaping from a boiler pipe caused the death of three persons here today.

The victims were Emanuel H. Strayer, 22, his wife Emma, 70, and Miss Cora Workinger, 74.

The broken pipe was found in the Strayer home, Coroner Zech said, and further investigation showed the gas had entered a second room and caused the death of Miss Workinger.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO

Voted for Suffrage: Senator O. William Beales recorded his vote in favor of the Woman's Suffrage amendment when it was passed by the state Senate Thursday morning.

Sergeant Power Home: Sergeant Edmund E. Power, son of Mrs. Mary Power, has returned to his home on Baltimore street. Sergeant Power was a member of the 23d Engineers and spent fourteen months in France.

Open Tea Room: Misses Powie and Butterfield, of the Bermudian Islands, have arrived in Gettysburg and will open the Willow Tea Room on Baltimore street.

Will Work In Kansas: Henry Bream, Earl Thompson and George Raley left Gettysburg Monday morning in the car of John L. Minter, who has been visiting here, for Abilene, Kansas, where they will work during the remainder of the summer.

James Gilliland, who is at Princeton, New Jersey, will meet the three boys in Kansas City and accompany them to the Minter home.

Ralph Deatriek Home: Ralph Deatriek has returned to the home of his parents, Mr. and Mrs. Luther Deatriek, on Baltimore street, after serving in the Army eleven months, seven of which were spent in France.

Mr. Deatriek was a member of the band of the 20th Engineers during his service in France. He received his honorable discharge at Camp Dix on Friday.

Makes First Non-Stop Flight: London, June 16—The final goal of all ambitions which flying men have ventured to dream since the Wright brothers first rose from the earth in a heavier-than-air machine, was realized Sunday morning when two young British officers, Captain John Alcock and Lieutenant Arthur W. Brown, landed on the Irish coast at 9:40 British summer time, after the first non-stop flight across the Atlantic ocean.

The air voyage was without accident and without unforeseen incident, so far as can be learned. It was a straightway clean-cut flight achieved in sixteen hours and twelve minutes—from Newfoundland to Clifden, Ireland, a distance of more than 1,900 miles.

Alcock and Brown stood the trip well.

Takes Possession: C. Edward Swisher, of West Middle street, has taken possession of the West End Cash Grocery at Chambersburg and Franklin streets, which was previously owned by Leo H. Miller. For the past five years C. E. Swisher has been employed at the Roy P. Funkhouser store and before that worked nine years for the firm of Dougherty and Hartley.

County Soldiers Given Welcome: Ten soldiers from the western section of Adams county who participated in the World War were given a Welcome Home party at the home of James Andrews, in Cashtown, Tuesday night. Mrs. William Bittinger and Mrs. Andrew acted as hostesses.

John Bream, Dale Bittinger, Roy Andrews, Robert Elcholtz, Russell Shetter, Ira Sharra, Paul Musselman, Glen Musselman, William Wright and Earl Oulp were the ten discharged soldiers in whose honor the party was given.

Events at Playground: Opening day of the Kuriz Playground started Thursday morning with singing and games occupying the first two hours of the morning. Later the larger children engaged in some athletic contests.

When the races and ball games were in progress during the afternoon there was a large crowd present, but from six o'clock until nine it seemed as if every person in Gettysburg had turned out to make Opening Day a success.

Mrs. Helen Helfrich, superintendent of play, has already won a place in the hearts of the playground patrons, both young and old.

A Year in France: Miss Sabina Landis, daughter of Professor Charles Landis, of Fairfield, who spent a year in France with the University of Pennsylvania hospital unit, spent several days with Dr. and Mrs. J. E. Musselman, Spruces avenue. Miss Landis spent six months near the front as a member of an operating team.

Personal: Earl Deardorff has returned to his home on Middle street from the 316th Infantry of the 73th Division.

Ray Mark E. Steck who has just returned to this country from France, is visiting his mother, Mrs. George E. Steck on Baltimore street.

Miss Evelyn Toot is spending some time as the guest of her friend, Miss Evelyn Burgoon, of Littlestown.

E Ray Williams, of Millsboro, is visiting his uncle, Charles Williams, Hanover street.

Paul Thompson returned to his Baltimore street home Friday morning after spending many months overseas with the Army.

Mr. Howard Stouffer and bulk of new visitors among friends in Chambersburg Sunday.

RADIO PROGRAMS

New York, June 21 (AP)—Preliminary to going on the air next week with sessions of the Republican National Convention at Chicago, each of the networks is arranging a number of preview broadcasts.

Included in the listings is the CBS transmission at 10:45 p.m. Saturday of a pre-convention talk from the Chicago studios of WBBM by Gov. John W. Bricker of Ohio, a candidate for the Presidential nomination.

An Evening Thought

The longing for fraternity can never be satisfied but under the sway of a common Father—Disraeli.

Just Folks

NEIGHBORHOOD
Each neighborhood in nature's plan is wholly cosmopolitan.

For instance: this, our city block. Houses a heterogeneous flock.

Here in my little space of ground A various tenantry is found.

Who came here first we'll never know,
From sparrow to the raucous crow.

For differing from the ways of men Here live the mourning dove and wren.

Robin and cardinal, thrush and jay,
And none so proud he moves away!

Today's Talk

DISCIPLINE

The more we use this brain of ours the more we are grateful to the Creator for giving it to us—and the more we appreciate its great uses. And I would name as one of its greatest uses that of arranging Discipline for us!

As I think of the many Seasons, the thought comes to me of their wonderful disciplinary power over us. We are called upon to face the emergencies of cold, wind, storms, heat and disasters that many of these Seasons produce. Our resources are called upon, and their exercise to extreme ends at times.

If we had one uniform Season it would be bound to dull us in a number of ways. We would grow soft and careless, and our inventive incentive would be impaired. Varieties of tests school us. They keep us on our toes, enlarge our vision and challenge our character.

The Seasons dovetail one another like the lines of a poem. Each line represents a mood or an experience. Each Season represents something of beauty, something to make us think of the wisdom of the Creator who arranged each. We live each in its turn, and await the coming of the next. And we are disciplined to each.

The free and easy of mind dislike discipline, but the strong welcome it as essential equipage. In war every victory hangs upon it. In peace, where it reigns, there is the utmost efficiency.

We are continually being misjudged, and too often criticized, because we disregard discipline in the way that we conduct our lives. We become over-sensitive through its lack. The thoroughly disciplined man dismisses imagined wrongs as having no bearing upon his set course. He goes his way confident and assured because he is controlled by a superior self-discipline.

Thoreau once wrote that "God could not be unkind to me if he should try." This was because he had himself under complete control. Only such a man could say, as he did, that "I have never got over my surprise that I should have been born into the most estimable place in the world, and in the very nick of time, too."

Tomorrow Mr. Adams will talk on the subject: "The Moods of the Mind."

Escaping Gas Kills 3 Persons

York, Pa., June 21 (AP)—Illuminating gas escaping from a broken pipe caused the death of three Red Lion residents Monday night. Coroner L. U. Zech reported.

The victims were Emanuel H. Strayer, 82; his wife, Emma, 79, and Miss Cora Workinger, 74.

The broken pipe was found in the Strayer home, Coroner Zech said, and further investigation showed the gas had entered a second home and caused the death of Miss Workinger.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
TWENTY-FIVE YEARS AGO

Voted for Suffrage: Senator C. William Beales recorded his vote in favor of the Woman's Suffrage amendment when it was passed by the state Senate Thursday morning.

Sergeant Power Home: Sergeant Edmund E. Power, son of Mrs. Mary Power, has returned to his home on Baltimore street. Sergeant Power was a member of the 23d Engineers and spent fourteen months in France.

Open Tea Room: Misses Fowie and Butterfield, of the Bermudian Islands, have arrived in Gettysburg and will open the Willow Tea Room on Baltimore street.

Will Work In Kansas: Henry Bream, Earl Thompson and George Riley left Gettysburg Monday morning in the car of John L. Minter, who has been visiting here, for Abilene, Kansas, where they will work during the remainder of the summer. James Gilliland, who is at Princeton, New Jersey, will meet the three boys in Kansas City and accompany them to the Minter home.

Ralph Deatrick Home: Ralph Deatrick has returned to the home of his parents, Mr. and Mrs. Luther Deatrick, on Baltimore street, after serving in the Army eleven months, seven of which were spent in France. Mr. Deatrick was a member of the band of the 20th Engineers during his service in France. He received his honorable discharge at Camp Dix on Friday.

Makes First Non-Stop Flight: London, June 16—The final goal of all ambitions which flying men have ventured to dream since the Wright brothers first rose from the earth in a heavier-than-air machine, was realized Sunday morning when two young British officers, Captain John Alcock and Lieutenant Arthur W. Brown, landed on the Irish coast at 9:40 British summer time, after the first non-stop flight across the Atlantic ocean.

The air voyage was without accident and without unforeseen incident, so far as can be learned. It was a straightaway clean-cut flight achieved in sixteen hours and twelve minutes—from Newfoundland to Clifden, Ireland, a distance of more than 1,900 miles.

Alcock and Brown stood the trip well.

Takes Possession: C. Edward Swisher, of West Middle street, has taken possession of the West End Cash Grocery at Chambersburg and Franklin streets, which was previously owned by Leo H. Miller. For the past five years C. E. Swisher has been employed at the Roy P. Funkhouser store and before that worked nine years for the firm of Dougherty and Hartley.

County Soldiers Given Welcome: Ten soldiers from the western section of Adams county who participated in the World War were given a Welcome Home party at the home of James Andrews, in Cashtown, Tuesday night. Mrs. William Bittinger and Mrs. Andrew acted as hostesses.

John Bream, Dale Bittinger, Roy Andrews, Robert Elcholtz, Russell Shetter, Ira Sharra, Paul Musselman, Glen Musselman, William Wright and Earl Culp were the ten discharged soldiers in whose honor the party was given.

Events at Playground: Opening day of the Kurtz Playground started Thursday morning with singing and games occupying the first two hours of the morning. Later the larger children engaged in some athletic contests.

When the races and ball games were in progress during the afternoon there was a large crowd present, but from six o'clock until nine it seemed as if every person in Gettysburg had turned out to make Opening Day a success.

Mrs. Helen Helfrich, superintendent of play, has already won a place in the hearts of the playground patrons, both young and old.

A Year in France: Miss Sabina Landis, daughter of Professor Charles Landis, of Fairfield, who spent a year in France with the University of Pennsylvania hospital unit, spent several days with Dr. and Mrs. J. E. Musselman, Springs avenue. Miss Landis spent six months near the front as a member of an operating team.

Personal: Earl Deardorff has returned to his home on Middle street from the 316th Infantry of the 79th Division.

Rev. Mark E. Stock, who has just returned to this country from France, is visiting his mother, Mrs. George E. Stock, on Baltimore street.

Miss Evelyn Toot is spending some time as the guest of her friend, Miss Evelyn Burgoon, of Littlestown.

E. Ray Williams, of Millsboro, is visiting his uncle, Charles Williams, Hanover street.

Paul Twomey returned to his Baltimore street home Friday morning after spending many months overseas with the Army.

Mrs. Howard Stouffer, and little son were visitors among friends in Chambersburg Sunday.

RADIO PROGRAMS

New York, June 21 (AP)—Preliminary to going on the air next week with sessions of the Republican National Convention at Chicago, each of the networks is arranging a number of preview broadcasts.

Included in the listings is the CBS transmission at 10:45 p. m. Saturday of a pre-convention talk from the Chicago studios of WBBM by Gov. John W. Bricker of Ohio, a candidate for the Presidential nomination.

GOP DRAFTING PLATFORM ON CONVENTION EVE

By JACK BELL

Chicago, June 21 (AP)—Republican draftsmen went to work today on an America-at-war platform while supporters of Gov. Thomas E. Dewey of New York and other candidates fought hotel room battles for the presidential nominating votes now indexed for "favorite sons."

Loaded with ammunition accumulated in a nine-months' study of issues by eight advisory groups, platform committee members gathered to begin composing a set of principles the presidential nominee to be chosen next week will be expected to espouse in the campaign.

Generally, these are expected to promise more expeditious prosecution of the war than the Democrats have been able to accomplish, pledge international peace collaboration, offer jobs to returning veterans and impetus to private industry while blasting away at the New Deal and most of its works.

Would Block "Favorite Sons"
But the fever heat of delicate interest was not on the activities of the committee, which Senator Robert Taft (R-Ohio) appears likely to head, but on the maneuvering of candidates' backers for and against an early ballot nomination.

This maneuvering boiled down to a hardly-concealed effort by the Dewey adherents to block "favorite sons" out of the first ballot count, so they might obtain a showdown at the outset. There were countering attempts by supporters of Gov. John W. Bricker of Ohio and Lieut. Cmdr. Harold E. Stassen of Minnesota to keep as many candidates as possible in the race.

The net result seemed to be that California, with 50 votes to be cast early in the roll call; Illinois, with 59 votes several steps down the line, and Pennsylvania, with 70 at a possibly critical juncture in the call, might decide the issue and the nomination.

Pennsylvania Prospects

The California delegation has been cast adrift by Gov. Earl Warren, the keynoter and apparently most favored candidate for vice president. No camp knew for sure how these 50 would be cast and all sides made conflicting claims.

As for Illinois, Gov. Dwight Green, who heads the delegation, made it clear that the central area Republicans are going to look over the prospects carefully before they jump.

There were all kinds of reports about the stand of the Pennsylvanians, who might possibly stage a holdout by voting for Gov. Edward Martin on the first counting of noses. There were just as strong signs that they would plump for Dewey or split their support, with Bricker getting part of it.

Willkie Not "Forgotten"

The campaign pushed by Bricker and Stassen backers for a "deliberate" convention in which several candidates would be placed in nomination received impetus in one quarter.

J. Kenneth Bradley, Connecticut National committeemen, said his state's delegation definitely had de-

clined to support Gov. Raymond E. Baldwin on the first ballot. Massachusetts delegates were reported undecided whether to give Gov. Leverett Saltonstall that state's 35 votes on the opening count.

Similarly, Robert Burroughs, New Hampshire National committeeman, said that his state's 11 votes which were credited to Wendell L. Willkie before the latter's withdrawal still ranked in the undecided class.

Curiously, Willkie's name and views figured prominently in speculation here, belying the oft-repeated assertion that he had become the "forgotten man" of the Republican party.

EXPLAINS NEW POWER PLANTS

Pittsburgh, June 21 (AP)—Portable power plants, a strictly wartime development designed to aid invading forces restore electric power in captured areas, today were explained to some 750 members attending the semi-annual meeting of the American Society of Mechanical Engineers.

There are now three types of portable plants being used by the armed forces, H. W. Van Kernen, mechanical engineer, and E. F. Wahrenburg, consulting engineer of the Peter Loftus company, said. They listed them as the "package" type plant, floating power plant and power trains.

In describing the package plant, Wahrenburg said:

"It may be moved rapidly from one location to another in order to meet critical demands for power, aided to support Gov. Raymond E. Baldwin on the first ballot. Massachusetts delegates were reported undecided whether to give Gov. Leverett Saltonstall that state's 35 votes on the opening count."

Similarly, Robert Burroughs, New Hampshire National committeeman, said that his state's 11 votes which were credited to Wendell L. Willkie before the latter's withdrawal still ranked in the undecided class.

Curiously, Willkie's name and views figured prominently in speculation here, belying the oft-repeated assertion that he had become the "forgotten man" of the Republican party.

UNCLE SAM NEEDS IT NOW... YOU'LL NEED IT LATER

THE CRUCIAL HOUR is at hand...

Right now, Uncle Sam needs the help of every fighting American both at home and abroad—more than at any time since the war started.

The boys in uniform are doing O.K. Ask Adolph and Tojo! Workers in our industrial plants are turning out the planes and guns and tanks on schedule. Farmers and ranchers are breaking records in food production, despite handicaps.

But when it comes to buying War Bonds to pay for all this, we've got a job to do—the biggest job of its kind in all our history.

Uncle Sam can't go on supplying our fighting men with the tools they need and must have

to win this war unless the money is there to pay for it. The money must come from the people—from YOU. And because war costs are mounting higher than ever before, we must buy MORE BONDS than ever before.

There'll be a Victory Volunteer at your door during the 5th War Loan... a neighbor who is taking time from his work to help Uncle Sam raise the money needed to finance this war. Don't turn him down. Don't ask him to come back some other time. Don't... of all things... tell him you can't afford more Bonds. Make up your mind now that you're going to BUY MORE THAN BEFORE... Uncle Sam is depending on our boys over there and they're not letting him down. We at home have the same responsibility! BUY MORE THAN BEFORE!

And Here Are 5 Extra Reasons for Buying More Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!

2. War Bonds return you \$4 for every \$3 in 10 years.

3. War Bonds will assure the funds to replace worn out farm equipment, machinery, and buildings.

4. War Bonds will help win the Peace by increasing purchasing power after the war.

5. War Bonds mean education for your children, security for you, funds for retirement.

"Screen Test" Is Tough For Mailmen

Screen doors, designed to keep out mosquitoes, are causing more trouble for Gettysburg's mailmen than possibly they are for the mosquitoes.

Postmaster Lawrence E. Oyler pointed out today.

Common practice among housewives in town is to hook the screen door when leaving the house, taking an afternoon nap or merely keeping up with the "soap operas" and the mailman arriving at the home is unable to put the mail in the slot or mailbox.

The result, said the postmaster, is that the mailmen have to carry the mail back to the postoffice, re-sort it and carry it back to the home again the next day, hoping that this time the screen door will not be hooked.

"It is most disappointing when the temperature is above 90 and you have failed time after time to pass a screen test," one postman is quoted as saying.

Naval

off Saipan in the Marianas, said the antagonists would fight bitterly for possession of the island, which is too close to Tokyo for Japanese comfort. B-29s could hit Japan from Saipan.

(London picked up a Tokyo broadcast, saying a fierce naval engagement was raging today off the Marianas. There was no confirmation from Pearl Harbor and no indication when Admiral Nimitz might have more to say about the operations.)

On its land front Japan was engaged in a correspondingly great effort to plug the leaks in its defensive dikes. Beyond captured Shangsha in China its army of more than 50,000 men pushed southward along the Hankow-Canton railroad. The enemy aimed at making this line a barrier against the rising tide of Allied power, in effect cutting off eastern China from the Allies.

Changsha Is Lost

Chinese who lost the fourth battle for vital Changsha fled the doomed city and Japanese columns swept down the railroad to within 65 miles of Hengyang, about 100 miles southwest of the Hunan capital. Hengyang would go a long way toward making good the Japanese offensive.

The Saipan invasion went well, Nimitz announced. "Our troops now hold the entire southern portion of the island" including the western shore of Magicienne Bay and Aslito airdrome, fast being put in operating shape.

Vast stores of oil, munitions and stores were uncovered on the island, proving Saipan was the main stronghold of the enemy in the Marianas. Japanese civilians were reported coming through American lines for safety.

General MacArthur's men threw the enemy out of two more Black Island airdromes, thus setting up another threat to Nippon's defenses. Black is 880 miles from the Philippines.

In Burma Lt. Gen. Stilwell's forces slowly closed in on Mogaung and Myittha, enemy bases he needs to reopen the Burma road. British forces further pushed back Japanese troops once threatening Imphal and Kohima in eastern India.

Expect 2,000 Names

Nearly 2,000 names are expected to be registered by the 500 Civilian Defense workers taking part in the canvass before the work is completed, it was estimated today.

The canvassers are not registering men under 21 years of age.

The canvassers are leaving change of address cards with the families of men in service after taking the registration and already a number of the cards have been sent in to the county commissioners.

Postmaster Lawrence Oyler today reminded parents and wives of servicemen sending in the change of address forms that one-cent stamps are required on the cards unless they are sent by the man in service himself.

Murder at CANDLEWOOD

by Gene Bunker Lumley

Chapter 17

"There's only one other possible route Moira could have taken," Dirk said. "The dirt trail to the Cove!"

"The light! Maybe she saw it, too!" Spring cried.

"Maybe," said Dirk. "she was waiting for it."

"Oh!"

Spring digested the remark a minute. They had turned down the sudden, oozing path tipping gradually to the Cove. Her own wonderment about Moira being in Candlewood returned.

"You think Moira is meeting someone who knows about the murders?" Spring faltered.

"Nothing is inconceivable," Dirk pointed out. "At first I thought it might be someone in the Cove signaling someone at the house. It had even occurred to me that Jo might have been meeting someone down there."

"Yes. Evidently no one else at Candlewood was expecting visitors tonight. We were sitting on the porch, remember, where neither the shop nor the Cove is visible. But apparently, I guessed wrong. They were contacting Moira."

The light had disappeared, however, when they reached the bank. The moonlight was kind for a moment as it hovered across the water. But there was no boat, nor anything else in sight. Nor any Moira.

"If the water were deep," Dirk mused. "I'd even entertain the fantastic thought it might have been a submarine."

"This is a farfetched, if a grim one!" she reminded him. "Forget shop talk for a while!"

But Dirk said stubbornly. "How deep is the Cove?"

"About eight feet," she said. He sighed. Well, that's that. We better go back. There's nothing here. But tomorrow night I'll get here first!"

Somewhere close a sound cleared the tress' rusty croaking along the bank. "What was that?" Dirk whispered.

They waited, but it didn't come again. He walked down the bank toward the brush clumps a few rods away. But there was nothing there.

"The sound came from here," he said doggedly. "It sounded like someone stepping on Spring, they did! Look here!"

"Could it have been Josh?" Spring asked.

But Dirk only pointed at the bank, wordlessly. The moon fell on the broken, reedy stems of the stray candleberry shrubs that dotted the banks. And in the soft wet earth, clearly and unmistakably, there was the print of a shoe, a flat-soled moccasin such as Moira Hastings wore!

"Dirk, what does it mean?" Dirk stared down at the imprint, but lost the trail when the moon vanished under a black cloud.

"Dirk, maybe Josh signaled her!" Spring felt his arms around her until she stopped shivering. And then, with her head against his shoulder, she saw the light through the trees, the light from Candlewood House.

time we were down here on the trail. There were no prints from the shop to the Cove. Ours are the only ones, and the mud permits no mistakes."

"She didn't fly," Spring said. "And she wasn't in the shop all the time. We have her prints here, prints that have just been made recently!"

"You mean..."

"Exactly!"

"But there isn't any other way to the house."

Dirk turned on the flashlight. He hunted for five minutes or more. He crouched and began to move the bushes roughly, bending them almost to the ground, this way and that, each bush at a time. When he came to the north side of the little mound, he exclaimed:

"Spring! Here it is! I've got it!"

Incredibly, it was there. An opening in the mound! There were the bushes growing around a moss-covered, knobby stone, about a foot in diameter. And when Dirk pried a minute at the stone it moved, he handed the flashlight to Spring, and he pulled the stone away with both hands. The mass of ground cover was pushed aside, revealing a small hinged wooden door about two feet square. The door pushed in.

Dirk took the flashlight, turned its yellow beam full in the opening and peered in. He turned off the light and stood up, facing Spring. He said, and his voice was edged

Caravan, Tour

The war bond caravan completed its tour of the county about 8:30 o'clock Tuesday evening at Littlestown, last stop on the county-wide travels. Ten communities were visited during the day.

The caravan included a short-down Messerschmitt plane, Navy Crash Crane, half-track, trailer and jeep.

At every stop children were eager to purchase \$25 bonds and get a ride in the jeep, made popular by the Army in this war.

Although official figures are not available it was learned unofficially that sales of war bonds during the county tour exceeded \$4,600, a figure far beyond the expectations of the most enthusiastic observer. All the sales were of the \$25 denomination.

Accompanying the caravan were Leighton C. Taylor, Mrs. Roy W. Gifford, Mrs. Henry T. Bream and Mrs. Murray B. Prazer, Jr.

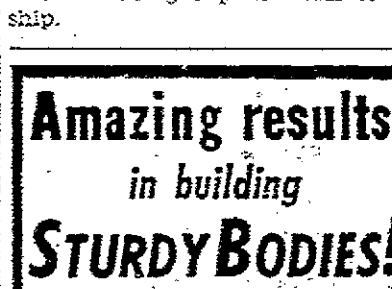

With excitement—"It's a tunnel!"

FISHERMAN KILLED

Pittsburgh, June 21 (AP)—Fred Evans, 49, of Columbiana, Ohio, was killed last night when he was struck by a car while he and an uncle were putting fishing tackle into their car after a fishing trip in Penn town-ship.

Amazing results in building STURDY BODIES!

1—Promote the flow of vital digestive juices in the stomach

2—Energize your body with RICH, RED BLOOD!

YOUNG people, especially those of grammar and high school age, are prone to be deficient in stomach digestive juices and red blood.

A good person who is operating on a 60 to 70% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. In such cases Nature needs extra help. Organic troubles or focal infection, if they exist, must be corrected. Tissue foods must be digested and rich red blood must be present to build sturdy bodies.

SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach which digest the food so the body can make proper use of it in tissue building and repair and (2) to build up BLOOD STRENGTH when deficient.

These two important results enable the body to make use of the food as Nature intended. Thus you may gain a keen appetite... firm flesh... body energy... mental alertness!

Build Sturdy Health and Help America Win

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again."

off Saipan in the Marianas, said the antagonists would fight bitterly for possession of the island, which is too close to Tokyo for Japanese comfort. B-29s could hit Japan from Saipan.

(London picked up a Tokyo broadcast saying a fierce naval engagement was raging today off the Marianas. There was no confirmation from Pearl Harbor and no indication when Admiral Nimitz might have more to say about the operations.)

On its land front Japan was engaged in a correspondingly great effort to plug the leaks in its defensive dikes. Beyond captured Shanghai in China its army of more than 50,000 men pushed southward along the Hankow-Canton railroad. The enemy aimed at making this line a barrier against the rising tide of Allied power, in effect cutting off eastern China from the Allies.

Changsha Is Lost
Chinese who lost the fourth battle for vital Changsha fled the doomed city and Japanese columns swept down the railroad to within 65 miles of Hengyang, about 100 miles southwest of the Hunan capital. Hengyang would go a long way toward making good the Japanese offensive.

The Saipan invasion went well. Nimitz announced "Our troops now hold the entire southern portion of the island" including the western shore of Magicienne Bay and Asitlo airdrome, fast being put in operating shape.

Vast stores of oil, munitions and stores were uncovered on the island, proving Saipan was the main stronghold of the enemy in the Marianas. Japanese civilians were reported coming through American lines for safety.

General MacArthur's men threw the enemy out of two more Black Island airdromes, thus setting up another thrust to Nippon's defenses. Black is 880 miles from the Philippines.

In Burma Lt. Gen. Stilwell's forces slowly closed in on Mogaung and Myitkyna, enemy bases he needs to reopen the Burma road. British forces further pushed back Japanese troops once threatening Imphal and Kohima in eastern India.

Expect 2,000 Names
Nearly 2,000 names are expected to be registered by the 500 Civilian Defense workers taking part in the canvass before the work is completed. It was estimated today. The canvassers are not registering men under 21 years of age.

The canvassers are leaving change of address cards with the families of men in service after taking the registration and already a number of the cards have been sent in to the county commissioners. Postmaster Lawrence Oyer today reminded parents and wives of servicemen sending in the change of address forms that one-cent stamps are required on the cards unless they are sent by the man in service himself.

that the mailmen have to carry the mail back to the postoffice, re-sort it and carry it back to the home again the next day, hoping that this time the screen door will not be hooked.

"It is most disappointing when the temperature is above 90 and you have failed time after time to pass a screen test," one postman is quoted as saying.

"Screen Test" Is Tough For Mailmen

Screen doors, designed to keep out mosquitoes, are causing more trouble for Gettysburg's mailmen than possibly they are for the mosquitoes. Postmaster Lawrence E. Oyer pointed out today.

Common practice among housewives in town is to hook the screen door when leaving the house, taking an afternoon nap or merely keeping up with the "soap operas" and the mailman arriving at the home is unable to put the mail in the slot or mailbox.

The result, said the postmaster, is

Murder at CANDLEWOOD

by Gene Bunker Lumley

Chapter 17
"There's only one other possible route Moira could have taken," Dirk said. "The dirt trail to the Cove!"

"The light! Maybe she saw it, too!" Spring cried.
"Maybe," said Dirk, "she was waiting for it."

"Oh!"
Spring digested the remark a minute. They had turned down the sodden, oozing path tipping gradually to the Cove. Her own wonderment about Moira being in Candlewood returned.

"You think Moira is meeting someone who knows about the murders?" Spring faltered.
"Nothing is inconceivable," Dirk pointed out. "At first I thought it might be someone in the Cove signaling someone at the house. It had even occurred to me that Jo might have been meeting someone down there."

"Yes. Evidently no one else at Candlewood was expecting visitors tonight. We were sitting on the porch, remember, where neither the shop nor the Cove is visible. But apparently, I guessed wrong. They were contacting Moira."

The light had disappeared, however, when they reached the bank. The moonlight was kind for a moment as it hovered across the water. But there was no boat, nor anything there in sight. Nor any Moira.

"If the water were deep," Dirk mused, "I'd even entertain the fantastic thought it might have been a submarine."

"This is a furlough, if a grim one!" she reminded him. "Forget shop talk for a while!"

But Dirk said stubbornly, "How deep is the Cove?"

"About eight feet," she said.
He sighed. "Well, that's that. We better go back. There's nothing here. But tomorrow night I'll get here first!"

Somewhere close a sound cleared the frogs' rusty croaking along the bank. "What was that?" Dirk whispered.

They waited, but it didn't come again. He walked down the bank toward the brush clumps a few rods away. But there was nothing there. "The sound came from here," he said doggedly. "It sounded like someone stepping on—Spring, they did! Look here!"

"Could it have been Josh?" Spring asked.

But Dirk only pointed at the bank, wordlessly. The moon fell on the broken, reedy stems of the stray candleberry shrubs that dotted the banks. And in the soft, wet earth, clearly and unmistakably, there was the print of a shoe, a flat-soled moccasin such as Moira Hastings wore!

"Dirk, what does it mean?"
Dirk stared down at the imprint, but lost the trail when the moon vanished under a black cloud.

"Dirk, maybe Josh signaled her!" Spring felt his arms around her until she stopped shivering. And then, with her head against his shoulder, she saw the light through the trees, the light from Candlewood House.

time we were down here on the trail. There were no prints from the shop to the Cove. Ours are the only ones, and the mud permits no mistakes."

"She didn't fly," Spring said.
"And she wasn't in the shop all the time. We have her prints here, prints that have just been made recently!"

"You mean..."
"Exactly!"

"But there isn't any other way to the house?"
Dirk turned on the flashlight. He hunted for five minutes or more. He crouched and began to move the bushes roughly, bending them almost to the ground, this way and that, each bush at a time. When he came to the north side of the little mound, he exclaimed:

"Spring! Here it is! I've got it!"
Incredibly, it was there. An opening in the mound! There were the bushes growing around a moss-covered, knobby stone, about a foot in diameter. And when Dirk pried a minute at the stone it moved. He handed the flashlight to Spring, and he pulled the stone away with both hands. The mass of ground cover was pushed aside, revealing a small hinged wooden door about two feet square. The door pushed in.

Dirk took the flashlight, turned its yellow beam full in the opening and peered in. He turned off the light and stood up, facing Spring. He said, and his voice was edged

Caravan Tour

The war bond caravan completed its tour of the county about 6:30 o'clock Tuesday evening at Littlestown, last stop on the county-wide travels. Ten communities were visited during the day.

The caravan included a shot-down Messerschmitt plane, Navy Crash Crane, half-track, trailer and jeep.

At every stop children were eager to purchase \$25 bonds and get a ride in the jeep, made popular by the Army in this war.

Although official figures are not available it was learned unofficially that sales of war bonds during the county tour exceeded \$4,000, a figure far beyond the expectations of the most enthusiastic observer. All the sales were of the \$25 denomination.

Accompanying the caravan were Leighton C. Taylor, Mrs. Roy W. Gifford, Mrs. Henry T. Bream and Mrs. Murray B. Frazee, Jr.

FISHERMAN KILLED

Pittsburgh, June 21 (AP)—Fred Evans, 49, of Columbiana, Ohio, was killed last night when he was struck by a car while he and an uncle were putting fishing tackle into their car after a fishing trip in Penn. township.

Amazing results in building STURDY BODIES!

1—Promote the flow of vital digestive juices in the stomach
2—Energize your body with RICH, RED BLOOD!

YOUNG people, especially those of grammar and high school age, are prone to be deficient in stomach digestive juices and red blood.

A growing person who is operating on a 65 to 70% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. In such cases Nature needs extra help. Organic troubles or focal infection, if they exist, must be corrected. Tissue foods must be digested and rich, red blood must be present to build sturdy bodies.

SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach which digest the food so the body can make proper use of it in tissue building and repair and (2) to build-up BLOOD STRENGTH when deficient.

These two important results enable the body to make use of the food as Nature intended. Thus you may gain a keen appetite... firm flesh... body energy... MEDICAL ALERTNESS!

ATHLETICS WIN DOUBLEHEADER FROM RED SOX

By FRITZ HOWELL

Associated Press Sports Writer

Connie Mack's Athletics haven't won a pennant since away back, when, and they aren't hot choices this year, but there's a growing feeling they might have quite a bit to say about who emerges on top in the American league's free-for-all.

Canny Connie's consummation of luck, castoffs and Cubans, mixed with a few of the better boys, served notice yesterday that they are very much in the league. They were residing placidly in last place when Joe Cronin's spurring, second-place Red Sox came to town and 16,500 fans turned out to see the fun.

When the smoke from the double header cleared away, the Mackmen had jumped to a sixth-place tie, and had spoiled Boston's chance of slipping into first place over the St. Louis Browns.

The A's needed 11 innings to beat Boston in the opener, 5 to 4, with Eddie Busch, late of Elmira, singling in the winning run. The second was easy, veteran Bobo Newsom allowing two hits for a 2 to 0 shut-out.

Browns Boost Lead

The St. Louis Browns stretched their lead to a game and a half by halving the second from Chicago, 5 to 0, after losing the 10-frame opener 4 to 3. Al Hollingsworth won his first of the season in the nightcap.

Hank Borowy came up with another good mound chore, a four-hitter and the Yankees loosed a 10-blow barrage behind him, as the world champs defeated Washington 3 to 1 with Bud Metheny's homer deciding it.

Cleveland beat Detroit, 3 to 1, but skidded into the cellar. Ray Mack, war worker, flew to Detroit for the twilight tilt and his ninth-inning fly sent the winning run home as hard-working Paul Trout weakened. Trout has pitched 26 1-3 frames in six days.

Bucky Walters copped his 11th win with a neat two-hitter against Pittsburgh's Pirates, the Cincinnati star adding the 3-0 shutout to other outstanding mound chores which include a one-hitter, and a pair of three-hitters. The Reds eased into third place, .001 ahead of the Giants.

The New Yorkers had a chance to stay up there, splurging for four runs in the first frame against Brooklyn, but Les Webber relieved Rube Melton with two out and held the Outmen the rest of the way as the Dodgers won out 7 to 6. Luis Olmo's homer was the big blow for the victors.

Al Jurisich pitched five-hit ball for the loop-leading St. Louis Cardinals, but was in hot water all the way because of five walks and three hit batsmen. Pepper Martin and Stan Musial roamed far afield for sensational catches, however, and gave him a 2 to 1 win over the last-place Chicago Cubs. The Phillies-Braves game was postponed.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, June 21 (AP)—Ever hear of a school for baseball coaches, in which the small-college, prep and even sandlot tutors could learn a few trade secrets from the game's big-timers. . . . During the off season most big-time college football coaches appear at one or more such schools but as far as this department can learn, Alabama's coaching school is the only one that includes baseball and it is out for the duration. . . . When he resumes activities, Coach Frank Thomas plans to call on such former Bama and major league stars as Joe Sewell and Riggs Stephenson as instructors. . . . New Jersey prep coaches also hold a baseball clinic, but otherwise it looks as though the tutors were mulling a lot of opportunities to help themselves and to get some assistance from the big leagues.

SIT UP AND TAKE NOTICE

Pvt. Edward O. Spratt of Greensboro, N. C., a pre-aviation cadet at Keesler Field, Miss., puts in a claim for the world's stup record. . . . Averaging one sit-up every six seconds from noon to midnight, Spratt reached a total of 6,429 to beat the mark of 6,034 set by Sgt. Edward Bernick of the AAF Training Command School at Yale. . . . At the finish Spratt explained: "I could have gone on for quite a while, but I figured I might as well get some sleep for the next day's training."

SHORTS AND SHELLS

The AAU is seriously considering night track meets in case the championships remain in New York, because afternoon attendance has been so unsatisfactory. Fewer than 4,000 customers turned out last week-end. . . . Clifford "Cactus Face" Duggan, the Car-Pitts tackle, plows Victory gardens all day and rides a highway patrol car at night in Oklahoma City. . . . Ultra-exclusive note from NYU: Basketball was the most popular intramural sport at NYU last season with 814 participants out of a total of 4,872. . . . Gil Torres, Senators' third baseman, wears extra-long pants, like Al Simmons, to conceal what probably are the thinnest legs in major league baseball. . . . When Elmore Harns, the Morgan State college "unknown" turned the heat in a 400-meter trial at the AAU track meet, defending Champion Cliff Bourland asked Wes Wallace, "Where the heck is he going?" . . . Cliff found out when he sat on the sidelines and watched Harris win the title.

SERVICE DEPT.

Cpl. Billy Cenn has been transferred to an "undisclosed station" after a short stay at the Greensboro, N. C. Overseas Replacement Depot. . . . Wonder if that means he'll give the GI's overseas his version of past and future puglies with Joe Louis? . . . Tomorrow's Great Lakes-Lawrence college baseball game will be a clash of lieutenant commanders. Both Mickey Cochran of the Sailors and Coach Joe Kronzer of Lawrence's V-12 team hold that rank.

Pennock Mum On Phillies' Troubles

Philadelphia, June 21 (AP)—Whatever dissension there may have been among the Phillies, General Manager Herb Pennock says "It's a closed book so far as I'm concerned."

He declined to elaborate on his earlier statement that the club had "one troublesome player."

Meanwhile at Scranton, Relief Pitcher Chet Covington joined the Utica Braves after being released by the Phillies and said the friction reports were "a bunch of hoosy."

Joe Reardon, head of the Phillies Farm system, added that "I'll guarantee you Covington was not involved in any trouble with Fred Fitzsimmons or anyone else."

Didriksen Is Losing Edge

Chicago, June 21 (AP)—The psychological edge Babe Didriksen Zharlas seems to have over the field in the Women's Western Open because of her rockening 250-yard drives is beginning to evaporate.

As the No. 1 war-time women's tournament today narrowed down to 16 survivors in the second round of match play, Babe was coming into contact with veteran campaigners who have no illusions of being beaten—before they start out.

Babe's opponent today was Ann Casey of Mason City, Iowa, a seasoned competitor who holds closely to par figures.

Babe hasn't been over 80 during the tournament, but she has paid frequent visits to the stretches of rough—gambling with wood clubs to get out—and has wandered into most of the traps dotting the par 33-37-75 Park Ridge landscape.

Babe is listed in the upper bracket, which includes such outstanding players as defending Champion Patty Berg of the Marines and Dorothy Kirby of Atlanta, Ga., the 1943 open runner-up—both of whom yesterday advanced to the second round.

Utica Splits In Baron Doubleheader

(By The Associated Press)

The Utica Blue Sox retained fourth place in the Eastern league standings today by a margin of one percentage point over Binghamton's triplets.

Utica split a doubleheader last night with the Wilkes-Barre Barons, winning the first game, 6-3, but dropping the second, 8-1. Binghamton won the first game in a twin bill with Scranton's Red Sox, 3-2, then lost the nightcap by the same score.

Other scheduled games were postponed.

Al Verdel, Blue Sox righthander, bested Bill Boness, Wilkes-Barre southpaw, in the first game. In the second, Joe Karakul held Utica to four hits. Norm Wallen, Barons' third sacker, got only one hit—a double—in the second tilt, but was credited with four runs batted in.

Both of the other Interstate league games also were decided by one run. Lancaster defeated Treanton 5 to 4 behind the five-hit pitching of Fred Peeler, scoring the winning run in the seventh on a walk, a sacrifice and a two-base error by Ed Haines. Martin's eighth inning triple, after Welch walked, gave Hagerstown a 9 to 8 decision over Wilmington. Naples hit a home run for the Owls.

Henry Armstrong Favored To Win

Washington, June 21 (AP)—Henry Armstrong, the former triple titleholder who just keeps rollin' along the comeback trail, takes on a promising but untested youngster, Nick Latsios, in a 10-round feature bout tonight.

Hammerin' Henry ruled about a 4-1 favorite to flatten the Alexandria, Va., Greek-American, now a soldier stationed at nearby Bolling Field.

Armstrong, fresh from his two-round knockout of Al "Bummy" Davis in New York last week, has gone through only one training session for the Latsios contest.

Latsios has been impressive in several professional appearances hereabouts against comparative unknowns. He has a fair right and a good left jab, but probably will find it difficult to tag the bobbing Henry with either.

gave Hagerstown a 9 to 8 decision over Wilmington. Naples hit a home run for the Owls.

ATHLETICS WIN DOUBLEHEADER FROM RED SOX

By FRITZ HOWELL

Associated Press Sports Writer

Connie Mack's Athletics haven't won a pennant since away back, when, and they aren't hot choices this year, but there's a growing feeling they might have quite a bit to say about who emerges on top in the American loop's free-for-all.

Canny Connie's conglomeration of kids, castoffs and Cubans, mixed with a few of the better boys, served notice yesterday that they are very much in the league. They were residing placidly in last place when Joe Cronin's spurring, second-place Red Sox came to town and 18,500 fans turned out to see the fun.

When the smoke from the double header cleared away, the Mackmen had jumped to a sixth-place tie, and had spoiled Boston's chance of slipping into first place over the St. Louis Browns.

The A's needed 11 innings to beat Boston in the opener, 5 to 4, with Eddie Busch, late of Elmira, singling in the winning run. The second was easy, veteran Bobo Newsom allowing two hits for a 2 to 0 shut-out.

Browns Boost Lead

The St. Louis Browns stretched their lead to a game and a half by halving the second from Chicago, 5 to 0, after losing the 10-frame opener 4 to 3. Al Hollingsworth won his first of the season in the nightcap.

Hank Borowy came up with another good mound chore, a four-hitter and the Yanks loosed a 10-blow barrage behind him, as the world champs defeated Washington 3 to 1 with Bud Metheny's homer deciding it.

Cleveland beat Detroit, 3 to 1, but skidded into the cellar. Ray Mack, war worker, flew to Detroit for the twilight tilt and his ninth-inning fly sent the winning run home as hard-working Paul Trout weakened. Trout has pitched 26 1-3 frames in six days.

Bucky Walters copped his 11th win with a neat two-hitter against Pittsburgh's Pirates, the Cincinnati star adding the 3-0 shutout to other outstanding mound chores which include a one-hitter, and a pair of three-hitters. The Reds eased into third place, 901 ahead of the Giants.

The New Yorkers had a chance to stay up there, splurging for four runs in the first frame against Brooklyn, but Les Webber relieved Rube Melton with two out and held the Ottomen the rest of the way as the Dodgers won out to 6. Luis Olmo's homer was the big blow for the victors.

Al Jurisich pitched five-hit ball for the loop-leading St. Louis Cardinals, but was in hot water all the way because of five walks and three hit batsmen. Pepper Martin and Stan Musial roamed far afield for sensational catches, however, and gave him a 2 to 1 win over the last-place Chicago Cubs. The Phillies-Braves game was postponed.

SIT UP AND TAKE NOTICE

Pvt. Edward O. Spratt of Greensboro, N. C., a pre-aviation cadet at Keesler Field, Miss., puts in a claim for the world's situp record.

Averaging one sit-up every six seconds from noon to midnight, Spratt reached a total of 6,429 to beat the mark of 6,034 set by Sgt. Edward Beranek of the AAF Training Command School at Yale.

"At the finish Spratt explained: 'I could have gone on for quite a while, but I figured I might as well get some sleep for the next day's training.'"

SHORTS AND SHELLS

The AAU is seriously considering night track meets in case the championships remain in New York, because afternoon attendance has been so unsatisfactory. Fewer than 4,000 customers turned out last week-end.

Clifford "Cactus Face" Duggan, the Car-Pitts tackle, plows Victory gardens all day and rides a highway patrol car at night in Oklahoma City.

Ultra-exclusive note from NYU: Basketball was the most popular intramural sport at NYU last season with 814 participants out of a total of 4,872.

Gil Torres, Senators' third baseman, wears extra-long pants, like Al Simmons, to conceal what probably are the thinnest legs in major league baseball.

When Elmore Harris, the Morgan State college "unknown" turned the heat in a 400-meter trial at the AAU track meet, defending Champion Cliff Bourland asked Wes Wallace, "Where the heck is he going?"

Cliff found out when he sat on the sidelines and watched Harris win the title.

SERVICE DEPT.

Cpl. Billy Conn has been transferred to an "undisclosed station" after a short stay at the Greensboro, N. C., Overseas Replacement Depot.

Wonder if that means he'll give the GI's overseas his version of past and future tussles with Joe Louis?

Tomorrow's Great Lakes-Lawrence college baseball game will be a clash of lieutenant commanders. Both Mickey Cochran of the Sailors and Coach Joe Kronzer of Lawrence's V-12 team hold that rank.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, June 21 (AP)—Ever hear of a school for baseball coaches, in which the small-college, prep and even sandlot tutors could learn a few trade secrets from the game's big-timers.

During the season most big-time college football coaches appear at one or more such schools but as far as this dept. can learn, Alabama's coaching school is the only one that includes baseball—and it is out for the duration.

When he resumes activities, Coach Frank Thomas plans to call on such former Bama and major league stars as Joe Sewell and Riggs Stephenson as instructors.

New Jersey prep coaches also hold a baseball clinic, but otherwise it looks as though the tutors were mulling a lot of opportunities to help themselves and to get some assistance from the big leagues.

PICK WILLIAMS

New York, June 21 (AP)—Ike Williams was made a 1-4 favorite today to beat Cleo Shans in their 10-round fight at Madison Square Garden Friday night. Both were pronounced "physically fit after an examination yesterday by the New York State Athletic commission physician."

CARD 10 GRID GAMES

Champaign, Ill., June 21 (AP)—The University of Illinois announced Tuesday a 10-game football schedule, including a game with Pittsburg on October 21.

ENGINEER DIES

Salemville, Pa., June 21 (AP)—George Lewis Huges, 65, an engineer for the Jamison Coal and Coke Company the past 41 years, died last night of a heart attack in his home in this Westmoreland county community.

Didriksen Is Losing Edge

Chicago, June 21 (AP)—The psychological edge Babe Didriksen Zaharias seems to have over the field in the Women's Western Open because of her rocketing 250-yard drives is beginning to evaporate.

As the No. 1 war-time women's tournament today narrowed down to 16 survivors in the second round of match play, Babe was coming into contact with veteran campaigners who have no illusions of being beaten—before they start out.

Babe's opponent today was Ann Casey of Mason City, Iowa, a seasoned competitor who holds closely to par figures.

Babe hasn't been over 80 during the tournament, but she has paid frequent visits to the stretches of rough—gambling with wood clubs to get out—and has wandered into most of the traps dotting the par 33-37—75 Park Ridge landscape.

Babe is listed in the upper bracket, which includes such outstanding players as defending Champion Patty Berg of Atlanta, Ga., the 1943 open runner-up—both of whom yesterday advanced to the second round.

Made glorious summer by this son of York.

The York (Pennsylvania, in this instance) manager's eighth inning single, driving in two runs, gave the White Roses a 7 to 6 victory over Allentown last night. Colvin homered with one on and Brunswick repeated with two aboard for Allentown, while Gracey hit a four-bagger for York.

Both of the other Interstate league games also were decided by one run. Lancaster defeated Trenton 5 to 4 behind the five-hit pitching of Fred Peeler, scoring the winning run in the seventh on a walk, a sacrifice and a two-base error by Ed Haines. Martin's eighth inning triple, after Welch walked, gave Hagerstown a 9 to 8 decision over Wilmington. Napoles hit a home run for the Owls.

Henry Armstrong Favored To Win

Washington, June 21 (AP)—Henry Armstrong, the former triple titleholder who just keeps rollin' along the comeback trail, takes on a promising but untested youngster, Nick Latsios, in a 10-round feature bout tonight.

Hammerin' Henry ruled about a 4-1 favorite to flatten the Alexandria, Va., Greek-American, now a soldier stationed at nearby Bolling Field.

Armstrong, fresh from his two-round knockout of Al (Bummy) Davis in New York last week, has gone through only one training session for the Latsios contest.

Latsios has been impressive in several professional appearances hereabouts against comparative unknowns. He has a fair right and a good left jab, but probably will find it difficult to tag the bobbing Henry with either.

Washington, June 21 (AP)—Henry Armstrong, the former triple titleholder who just keeps rollin' along the comeback trail, takes on a promising but untested youngster, Nick Latsios, in a 10-round feature bout tonight.

Hammerin' Henry ruled about a 4-1 favorite to flatten the Alexandria, Va., Greek-American, now a soldier stationed at nearby Bolling Field.

Armstrong, fresh from his two-round knockout of Al (Bummy) Davis in New York last week, has gone through only one training session for the Latsios contest.

Latsios has been impressive in several professional appearances hereabouts against comparative unknowns. He has a fair right and a good left jab, but probably will find it difficult to tag the bobbing Henry with either.

gave Hagerstown a 9 to 8 decision over Wilmington. Napoles hit a home run for the Owls.

The late E. W. Shakespeare, prophet as well as poet, might have had Bunny Griffiths in mind when he wrote the oft-quoted: "Now is the winter of our discontent."

Made glorious summer by this son of York.

The York (Pennsylvania, in this instance) manager's eighth inning single, driving in two runs, gave the White Roses a 7 to 6 victory over Allentown last night. Colvin homered with one on and Brunswick repeated with two aboard for Allentown, while Gracey hit a four-bagger for York.

Both of the other Interstate league games also were decided by one run. Lancaster defeated Trenton 5 to 4 behind the five-hit pitching of Fred Peeler, scoring the winning run in the seventh on a walk, a sacrifice and a two-base error by Ed Haines. Martin's eighth inning triple, after Welch walked, gave Hagerstown a 9 to 8 decision over Wilmington. Napoles hit a home run for the Owls.
